LABOR LEADERS IN CONCLAVE

Heads of Great Organizations Discuss Strike, Help for Strikers and Means of Ending War or Extending It.

Pittsburg, Aug. 23.—President Shaffer, of the Amalgamated association, announced that President John Mitchell, of the United Mine Workers of America; Grandmaster Sargeant, of the Brotherhood of Locomotive Firemen; President White, of the Garment Workers of America; Ralph W. Easley, of the National Civic federation, and J. W. Jenks, of the Industrial committee, would meet with him at the Amalgamated headquarters at 3 o'clock this afternoon. The meeting, he said, had not been prearranged. They came here without instructions and with a desire only to look over the situation. A statement will probably be issued at the close of the meeting.

Outside sources stated that the outcome of the conference will either be a complete plan to end the struggle or a more comprehensive effort at forcing the fight into the strongholds of the combine.

It is said that this meeting will have an important bearing on the strike.

Representatives of the constituent companies of the United States Steel corporation in Pittsburg contend that there is no movement looking to a settlement of the strike that will be effectual; that the combine program is gradually and quietly to resume operations.

As a result of the strike the combine has arranged its program of centralizing operations and proposes now to make these centralizations in non-union strongholds. In combine quarters it is said that the Amalgamated arbitration proposition was refused because the issue had gone too far and the strike had been extended against issues innocent of the original contentions and bound to wage contracts.

SITUATION UNCHANGED.

Pittsburg, Pa., Aug. 23.—The steel strike situation was without material change today. All the combine plants started recently with nonunion workmen were in operation with about the same number of men as yesterday and quiet prevailed at all points.

The steel officials appear satisfied with the progress made and are evidently preparing more surprises for the strikers in the way of starting other plants with imported men.

The bar mill at the Painter works did not start today as announced. Fires were lighted in the furnaces

SHEEHAN BACKS COLER FOR MAYOR

New York, Aug. 23.—John C. Sheehan, of the Greater New York democracy, said today that the name of City Comptroller Bird S. Coler would be presented to the anti-Tammany conference on September 9 as a candidate for mayor. At this conference will be representatives of the republican county committee, the independent democratic organization, the citizens' union and the German American union. Mr. Coler was elected comptroller on the Tammany ticket at the last city election.

BAKED FIRST GOODS TODAY

NEW CRACKER FACTORY IS IN OPERATION.

Wayne Biscuit Company Begins Active Operations With Splendid Outlook for the Future.

The newly organized Wayne Biscuit company started the machinery in its Barr street plant this morning for the first time, and this afternoon the first product came from the bakery in the form of fine crackers and toothsome ginger snaps. While there were some little annoyances inseparable from the getting of a new plant into operation, everything dropped into line with remarkable smoothness, and within a day or two business will be carried forward with all the ease of an old established factory.

The plant of the Wayne Biscuit company is thoroughly modern in every particular and it is stated that nothing has been omitted that could possibly add to the effectiveness of the factory or the excellence of its product. Twenty people are already employed and within a few weeks this force will be more than doubled. The capacity is from 275 to 300 barrels of crackers daily, and to bake these fifty barrels of flour are used in a day of ten hours. Stephen E. Wolford is foreman of the baking department and his assistant is N. C. Kettering.

The Wayne company is wholly a home institution; its owners have asked no bonus, but have gone steadily ahead and established their factory. Many of those interested are experienced cracker men and a very promising future is predicted for the institution. The traveling salesmen will be placed upon the road early in September.

EXPELS SHORTSTOP SHUGART.

Chicago, Aug. 23.—President Johnson, of the American league, today expelled Shortstop Shugart, of Chicago, for striking Umpire Haskell at Washington. Mr. Johnson said: "Each player of the American league who in the future slugs an umpire on the ball field will be expelled from the league. That is final."

KENNAN IN BOSTON.

Boston, Mass., Aug. 23.—George Kennan, the author, whose strictures upon Russian reformatory institutions led to his expulsion from that country, was a passenger on the steamer Commonwealth which docked here today.

CASTRO SENDS AID TO GEN. URIBE

President of Venezuela Dispatches Troops to Help the Revolutionary Army in Colombia---New Venezuelan Revolt.

New York, Aug. 23.—President Castro sent the gunboats Sebaoro and Miranda and other Venezuelan war vessels from LaGuayra and Corro, troops under the command of General Davila, to Rio Hacha, on the coast of Colombia, says the Willemstadt, Curacoa, correspondent of the Herald. Eight hundred men are in the expedition. These troops will assist the Colombian revolutionists under General Uribe Uribe. President Castro has also sent a good supply of ammunition.

The correspondent confirms the report that the republic is absolutely quiet, notwithstanding a fear of a general uprising on the Colombian frontier, due to the announcement of President Castro that Venezuela was attacked by the conservative government of Colombia.

There is excellent authority for the statement that a new Venezuelan revolution, led by liberals, is being arranged. The leader of this revolution is now in New York. The political situation in Venezuela is more than serious. No one is allowed to leave the country without special permission. At the Limon river, where an American company employs 300 men, one morning only fifteen were found on the premises, the others having been forcibly recruited during the night to defend the country.

A special to the Herald from Caracas says: Gen. Juan Pietri, who was minister of war for President Crespo during the revolution of 1892, while on his way to Guarico to raise an insurrection, was arrested, charged with conspiring against President Castro.

WATCHED WITH INTEREST.

Washington, Aug. 23.—The progress of the complications between Venezuela and Colombia continues to attract the attention of the authorities here, who occupy the position of disinterested observers of an affair in which the United States has no direct concern except in properly safeguarding American interests. In the event of an actual conflict between Venezuela and Colombia there is felt to be no occasion for action on the part of this government, except in pursuing the usual course of looking after the property interests of our citizens in that quarter. The state department has no official advices from either country.

LECTURE ABOUT THE BOXERS.

Rev. D. Willard Lyon, who has spent a number of years in Pekin, China, in Y. M. C. A. work, will deliver an address on the subject, "The Boxer Movement and Its Lessons," at the Third Presbyterian church next Sunday morning. Rev. Lyon has had wide experience among the Chinese and his address will be of great interest. He expects to return very soon with his family to China to resume his missionary labors.

PLENTY OF WATER FOR CITY

RAINS HAVE RELIEVED THE SITUATION.

Storms Have Delayed the Test of the Downie Pump—Another Also to Be Put to Work.

There is nothing particularly new in the waterworks situation farther than that for the first time in several months the department has more water on hand than it can use. In the words of Engineer Baxter, "We have water to burn." The recent rains have eased up the situation in two ways: The necessity for using water for sprinkling and irrigating purposes has been removed and the downfall of rain has increased the supply. Accordingly this morning the big compressor borrowed from the Fort Wayne Gas company was shut off in order to save fuel and only the small compressor is now being operated. The test of the Downie pump commenced yesterday morning was abandoned on account of the rain, and has not been resumed, neither is the pump in operation. At present it is down 112 feet, and before being put into use again it will be dropped about twenty feet more, as at the present depth it can not work to its full capacity. The second Downie pump, which arrived several days ago, is being put into position and it is possible that it can be operated this afternoon. There is not enough pipe on hand to sink it more than about eighty feet, but as it is being placed in what is considered the best well in the field it will be given a preliminary test at that depth. However, it will not be tested for capacity until pipe and casing can be secured to put it down at least thirty and possibly fifty feet deeper. The difficulty in securing pipe is partly due to the fact that an eight and one-half inch casing is used, which is an odd size, not usually carried in stock, and is also largely due to the steel strike, which prevents the pipe from being turned out to order. As soon as the two pumps are ready for test the public will be notified and persons interested will be privileged to witness the workings of the new appliances.

DID NOT CONTAIN A NEWS ITEM

Columbus, Ohio, Aug. 23.—The Press-Post was issued yesterday afternoon without a news item of any sort. It was filled with miscellany, short stories, editorials, cards from the owner to the public and a very little advertising. The compositors refused to set copy written and handled by the nonunion reporters and editors who were employed to take the places of those who were discharged. Clarence M. Jones, the owner of the paper, sent some copy to the composing room, and it was promptly returned. The machines were idle for some time, and he finally prevailed upon the linotype men to set the miscellany. His sympathy method of collecting news was more productive of items, but the compositors refused to set them. Mr. Jones will make an effort to deunionize every department of his paper.

RACE QUESTION ABROAD.

New York, Aug. 23.—All the London papers publish articles on the objections of the American patrons of the St. Ermine's hotel to negroes and the subject is much discussed in the hotels, says a London dispatch to the Journal and Advertiser. Englishmen side theoretically with the negroes, while Americans as a rule are outspoken the other way.

INDICT TEN MEN

ALABAMA GRAND JURY AFTER LYNCHERS OF NEGRO.

GOODLY PART OF MOB MARKED

OBSTINATE WITNESSES ARE JAILED FOR CONTEMPT.

WHAT A PLUCKY SHERIFF DID

ALABAMA OFFICIAL PUTS A MOB OUT OF BUSINESS.

Montgomery, Ala., Aug. 23.—Investigation by the grand jury into the recent lynching of a negro in Elmore county has resulted in indictments against ten of the thirty persons alleged to have constituted the mob. Several witnesses who refused to testify when called were placed in jail for contempt. These are the first indictments against alleged lynchers in this state in many years.

SHERIFF SAVES NEGRO.

Ashville, Ala., Aug. 23.—One man was killed and another probably fatally wounded in a battle here yesterday to save the negro, Jim Brown, from the vengeance of a mob after he had been tried and sentenced to be hanged on September 20 for criminal assault. The killed:

Walter Blankenship, shot through the head, the ball penetrating the skull above the right ear.

The wounded:

Arthur Blankenship, breast and abdomen penetrated by birdshop, eye put out; condition critical.

A small boy, the son of James Hanley, slightly wounded about the face by birdshot.

The attempt of the mob to gain possession of the negro followed a swift trial. It was a battle of witnesses, with the judge and court officials on the defensive to suppress the fast rising anger of the crowd, as detail after detail of the negro's work was told by the witnesses for the seate. There was no evidence for the defense. As Brown said afterward in his confession, there was nothing the witnesses he had summoned could say in his behalf.

PLEA FOR PEACE.

The clash came half an hour after Judge Pelham had pronounced the sentence. By a ruse the court room was cleared of half of its angry occupants. The remaining half was surly and seemed bent on mischief. At the request of Judge Pelham J. L. Garrett, father of the girl outraged by Brown, mounted a table and counseled peace. He had hardly addressed the assembly as his friends and neighbors before he broke down in tears. In concluding his appeal he said: "If you have any respect for my feelings, if I can have any weight in your hearts, let me urge you as good citizens to go home and obey the law, and I will never cease to thank you from the bottom of my heart from this day to the day of my death."

After some difficulty the court room was cleared. Sheriff North thought it unwise to attempt to take Brown to the jail, a few blocks away, for the crowd was rapidly increasing around the front door of the court house. Twenty-eight deputies, armed with pistols and shotguns, were stationed in the front hall and at the windows of the room.

MOB FIRED UPON.

The first sign on an outbreak came when one man from the outside, with a pistol in his hand, started to mount the stairway. He was followed by two or three others. Several shots were exchanged and the mob leaders began firing into the windows. Arthur Blankenship was hit first and his brother was shot while emptying his revolver in the direction of the windows above.

A hard rain began falling. The bodies of the wounded were removed and the crowd scattered about in front of the stores across the street. The officers took advantage of this lull and spirited the negro away in charge of two special deputies. He was gotten safely aboard a freight train for Birmingham.

DEAD IN HIS BATH TUB.

New York, Aug. 23.—James W. Lyall, sixty-three years of age, a wealthy manufacturer of cotton goods, was found dead today in a bath tub at his home in this city, with the gas turned on. The theory of the family is that Mr. Lyall had been overcome by faintness and fell, striking the gas bracket in falling, and so turned on the gas. They say that he had no reason to commit suicide so far as they knew.

FIREMEN AT BUFFALO.

Buffalo, N. Y., Aug. 23.—Firemen who have assembled here by thousands from all sections of the United States and Canada participated today in a monster parade. Chief B. J. McConnell, of the Buffalo fire department, was grand marshal, with Col. G. J. Haffa as assistant. Among the cities represented in the parade were New York, Cleveland, Martins Ferry, Ohio; Bradford, Union City and Butler, Pa., and Niagara Falls, Trenton, Seaforth, Dunnville and Merritton, Ont.

AN INVALID'S SUICIDE.

New York, Aug. 23.—John C. Topping, manager of the hardware firm of Topping Bros., of this city, committed suicide by jumping from the third story of his home in Brooklyn. Insomnia, due to nervous prostration, was given as the cause. He was widely known in hardware circles.

BAR ASSOCIATION ELECTS

U. M. ROSE, OF ARKANSAS, IS CHOSEN PRESIDENT.

Former Attorney General Ketcham, of Indiana, is Elected Member of Executive Committee.

Denver, Aug. 23.—The American Bar association concluded the business of the main organization at today's session. The educational branch held a meeting this afternoon. This evening the annual dinner will be disposed of. The general council reported the following nominations:

President—U. M. Rose, Little Rock.

Secretary—John Hinkley, Baltimore.

Treasurer—Francis Rawle, Philadelphia.

Executive Committee—U. M. Rose, president ex-officio; Edmund Wetmore, retiring president, ex-officio; John Hinkley, secretary ex-officio; Francis Rawle, treasurer ex-officio; William A. Ketcham, Indianapolis; Henry St. George Tucker, Lexington, Va.; Charles F. Libby, Portland, Me.; Rodney A. Mercer, Towanda, Pa., and James Hagerman, St. Louis.

The nominees were all unanimously elected, including vice presidents from each state.

After a brief address by President-elect Rose the convention adjourned sine die. Among the vice presidents chosen was Samuel O. Peckins, of Indianapolis.

FEAR SCALDS WILL BE FATAL

CHILD FALLS INTO PAIL OF BOILING WATER.

Little Son of Mr. and Mrs. Harry Waterman, of Home Avenue, is Frightfully Injured.

John Waterman, the 4-year-old son of Mr. and Mrs. Harry Waterman, of Home avenue, was so badly scalded this morning that grave fears are entertained that he can not recover.

A pail of boiling water had been placed for a moment upon the kitchen floor and in playing about it the little fellow in some manner fell into the scalding liquid. His cries quickly brought assistance, and Dr. C. H. English was summoned to attend him. The physician found that the lad had suffered extensively, both legs, his left side, left arm and his neck were frightfully scalded.

The little patient is resting easily this afternoon, and while the physician does not give up hope, the extent of the injuries are regarded with grave apprehension. About a week ago the boy broke an arm and the unfortunate occurrence this morning adds greatly to his suffering.

VALET JONES GETTING WELL.

New York, Aug. 23.—Assistant District Attorney Garvin, who has had Charles Jones in charge since the latter's attempt at suicide while in jail awaiting trial for the alleged murder of his employer, William M. Rice, the aged millionaire from Texas, says Jones is still under police surveillance and regularly visited by a physician, but that the prisoner is improving in health. He is taken out about once a week for a drive through Central park and the assistant district attorney is of the opinion when the case is called for trial Jones will be himself again.

AN ULTIMATUM TO THE SULTAN

French Ambassador Will Take Entire Embassy from Constantinople if France's Demands are Not Complied With.

Constantinople, Aug. 23.—The French ambassador, M. Constans, today sent a letter to the sultan personally, informing him that he would leave Constantinople with the entire staff of the embassy if the matters in dispute were not settled immediately. The letter has the nature of an ultimatum. It accords the sultan the briefest delay within which to comply with the demands.

M. CONSTANS HAS FREE HAND.

Paris, Aug. 23.—5:50 p. m.—While the officials of the French foreign office decline to confirm or deny the dispatch of the Associated Press from Constantinople announcing that the French ambassador has sent the sultan a letter which is in the nature of an ultimatum, they admit having received a telegram from M. Constans, which has been laid before the council now sitting at the Elysee palace. Only three ministers were not present. The premier, M. Waldeck-Rousseau; the minister of agriculture, M. DePuy, and the minister of public works, M. Baudin, are absent from Paris. The correspondent learns that M. Constans has been given a free hand. Any step he finds proper to take will be fully endorsed. The foreign minister, M. Delcasse, if he deems it necessary to withdraw the French embassy from Constantinople, Munier Bey, the Turkish ambassador, who is now in Switzerland, will be notified not to return to Paris, in which case Munier Bey will probably withdraw the legation to Berne, as he is also accredited as minister to Switzerland. No naval demonstration is yet contemplated, but the sultan will probably be seriously inconvenienced by the closure of the Turkish embassy here, which is the center of espionage from which to watch the numerous young Turks and other disaffected Ottomans and voluntary exiles who make their headquarters in Paris, and who will have a free hand if diplomatic relations between France and Turkey are completely broken off.

It has been suggested that the French government issue orders for the bourse to cease dealing in Turkish securities, but it is not likely that this step will be taken, as it would only injure the French bondholders.

The entire Turkish group fell on the bourse today, in some cases going down 10 to 12 francs.

According to a special dispatch received here from Berne Munier Bey has already leased a villa there for the use of the Turkish embassy.

THE HOWISON INCIDENT IS CLOSED

Washington, Aug. 23.—At the navy department the matter of the service of Admiral Howison on the Schley court of inquiry is considered as a closed incident, so far as the department is concerned, and one which will be left to the direction of the court itself.

Mr. Hackett stated today that he had not received the reply which, it is said, Admiral Schley will submit in regard to the action of the department declining to refer the original request concerning the Howison interview to that officer for a statement.

Captain Lemley, the judge advocate general of the navy and the judge advocate of the Schley court, has returned from Canada and will at once begin the work of compiling a list of the witnesses to be summoned before the court of inquiry. It is expected that this list will be ready for submission to Admiral Schley early next week.

WIFE MURDERER HANGED.

Baltimore, Aug. 23.—John H. Butler, a negro, was hanged in the jail yard here at 10 o'clock this morning. Butler killed his wife, Lavina, last October by beating her with a cobblestone. He has always denied his guilt and several attempts have been made to have his sentence commuted on the grounds that he was insane. He was prominent as a republican politician.

PITIFUL SCENES AT A HANGING

Nordstrom, the Washington Murderer, Collapses at Gallows and is Strapped to a Board---A Celebrated Case.

Seattle, Aug. 23.—Charles W. Nordstrom was hanged here today for the murder, November 27, 1891, of William Mason.

Shortly after 9:30 Nordstrom was taken to a room adjoining the death chamber. He wept continually. It required the utmost efforts of four men to keep him on his feet. When he was taken into the death chamber he broke down entirely, crying in a childish voice and praying that his life be spared. Then he collapsed entirely and fell to the floor.

Efforts to raise him and keep him on his feet were fruitless. Finally Sheriff Cudihee ordered that a board be brought. To this Nordstrom was tied. It required six men to hold him for the operation. Several times Nordstrom seemed to speak, but his words were indistinct. The six men who had held him raised his body on the board and with great effort succeeded in getting him upon the scaffold. There he was placed upright while four men stood on the four sides of the trap and held him. In less than two seconds after the condemned man had been fastened the trap was sprung. This was at 9:49. Nordstrom was pronounced dead at 10:02.

A CELEBRAED CASE.

The Nordstrom case is a celebrated one, having been fought back and forth in the courts for nine years. During that time the condemned man has managed escape the gallows several times for one reason or another.

Nordtrom worked during the fall of 1891 for Thomas Mason, a rancher, near Cedar Mountain, in this county. He had a dispute about the amount of wages due him. The sum involved was $3.85.

On the night of the murder, William Mason was sitting down to supper with his father. Some one fired a shot from outside the window. Young Mason pitched forward and died in a short time. The ground showed the prints of the murderer's feet as he stood beside a fence corner and rested his rifle on the top rail. The next day officers took up the chase. The murderer was tracked over a long stretch of country.

Several days later Nordstrom, with a Winchester rifle of the same calibre with which the victim was murdered, was arrested on the railroad track near Cedar Mountain. He told conflicting stories. On trial he was convicted. The case was appealed to the supreme court of this state, which refused to grant a new trial. Colonel James Hamilton Lewis became associate counsel in the case. He fought the case in the federal court on a writ of habeas corpus, which was denied. He carried the matter to the supreme court of the United States and lost his case. He then went to the superior court of King county and asked for a commission of physicians to examine the mental condition of Nordstrom. This was granted. The doctors pronounced the man sane. He then demanded a jury trial as to Nordstrom's sanity. The superior court denied this. In the supreme court of this state Lewis' appeal of the question was overruled. Lewis carried this to the supreme court of the United States and he also applied to court for a writ of habeas corpus on the strength of the insanity proceedings. The federal court refused the writ. Lewis carried this to the supreme court of the United States. He was overruled in both cases. Since that Lewis has applied to the federal and superior courts for a stay of proceedings and the litigation has lasted two years. Lewis last night, in spite of his announcement the other day that he had left the case, was in the city looking for a writ of prohibition from some supreme court justice. The governor had refused to interfere.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health.

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

LABOR LEADERS IN CONCLAVE

(Continued From First Page.)

yesterday, but it was later decided to postpone resumption until Monday.

The strikers claim that the delay was caused through the failure of the management to get a sufficient number of skilled men to operate it. Officials of the company deny this, however, and say arrangements have been perfected for the operation of the entire plant next week.

TIN MILLS RUNNING.

The Star tin plate mills, which started up yesterday afternoon, was running two mills full and more men are expected in a few days, when the manager says the other departments will be started up. There was no disorder about the works, the strikers remaining away from the mill property. About fifty machinists, bricklayers and helpers were working at the Pennsylvania tube plant, which was the scene of disorder early in the week, but there was no trouble. Magistrate McGarvey's announcement that the strikers would not be permitted to interfere with the men at work, or congregate on the streets, has had the effect of keeping the men at their homes.

STRIKERS CAUTIONED.

Cards of caution were distributed among the men loitering in the vicinity by Organizers Fred L. Schwartz and Cal Wyatt, of the Federation of Labor, while two interpreters worked among the foreigners explaining that disturbances were injurious to their cause. Four policemen were on duty at the mill throughout the day and aided in the missionary work.

Some excitement was occasioned last night at the Demmler mills of the American Tin Plate company, in lower McKeesport, by a report that a car load of strike breakers were to be unloaded at the works. Where a few minutes before there had been scarcely a picket in sight, crowds sprang up as if by magic, and every preparation was made to resist the invasion of foreign workmen. However, the men were not strike breakers at all and passed by Demmler without stopping. After that the crowd melted away.

SOME DESERTIONS.

Advices from Martin's Ferry, Ohio, are that the strikers have discovered that at least three members of the union have been won to the side of the employers, and they will probably take a hand in starting the Canal Dover tin plate mill.

All are skilled men and they are being closely watched. The strike is beginning to be felt in the coke regions. Last week, with few exceptions, the plants throughout the region ran but five days. The result was a slump in production of over 17,000 tons. This week it is said it will likely be still lower. Some of the smaller plants are scheduled for a four days' run. The western shipments, which had not suffered any from the strike last week, were curtailed in anticipation of a shut down of the steel plants in that territory that first refused to strike and then reconsidered their action.

STRIKERS ARE RIOTOUS.

Philadelphia, Aug. 23.—A special to the Evening Telegraph from Pittston, Pa., says:

A second riot occurred at the Sterling silk mill this morning, more serious than a clash which occurred last night, and the howling mob now surrounding the mill threatens to enter it by force and drag the non-union girls from the looms. When the strikers arrived at the mill this morning long before daylight they were provided with stones and other weapons. The first object of attack was a small Italian settlement near the mill. The non-union girls in last night's riot took refuge in these houses and escaped from the strikers' crowd. There was a clash with the Italians this morning.

Later when the non-union workers arrived a volley of stones met them. The mill is in operation, but serious trouble threatens before nightfall.

REPEATS CHARGE ON HOWISON.

Boston, Aug. 23.—Francis O. Frost, of the Boston Evening Record, who in 1898 was a reporter at the Boston navy yard, makes affidavit to an interview with then Commodore Howison, at that time commandant at the navy yard, in which he says:

"Commodore Howison also said that Sampson was held in much higher regard among naval officers than Schley was; that Sampson was a cool, brave, intelligent strategist, while Schley was not as competent; that Schley was inclined to be hot-headed and not as able a leader as Sampson; that at the naval academy Schley had not been held in as high regard as Sampson.

"The exact words used by Commodore Howison in expressing these ideas I cannot recall, but the substance of what he told me I have given accurately. The whole tenor of what he said was that Sampson was generally superior to Schley as a man and as a naval officer."

Frost, in his affidavit, says he cannot remember the exact date of the interview, which was not printed at the time, but said it was between July 4 and July 23, 1898. They were alone in the office when the conversation took place, and Frost asserts that this talk influenced him in the editorials he wrote when he became editor of the Lawrence (Mass.) Daily Eagle a few months later, and that it was not until he learned that Admiral Howison was to sit in judgment on Admiral Schley that he told about this interview.

THE FRANK DRY GOODS CO.

AVERTS A STRIKE.

Fall River, Mass., Aug. 23.—In the face of the effort of the Fall River cotton manufacturers to cut wages 15 per cent. or to curtail the product, Matthew C. D. Borden yesterday bought 200,000 pieces of print cloth at 2½ cents a yard for immediate delivery at his American printing works, the largest in the world. His orders were secretly placed early yesterday, when the quotation was 2 7-16 cents a yard. As soon as his orders were publicly announced the quotation jumped to 2 9-16 cents and the market became firmer than for weeks. Mr. Borden's immediate profit is one-sixteenth of a cent on more than 10,000,000 yards of cloth in a rising market. Besides that, he has killed all talk of a wage reduction or curtailment. About a year ago Mr. Borden executed a similar coup in Fall River, cleaned up the market, made several hundred thousand dollars and prevented a wage reduction, which was then, as now, his principal object in making such heavy purchases.

LIQUOR SELLER FINED $7,500.

Topeka, Kas., Aug. 23.—George Klauer, a "jointist," yesterday received the most severe penalty for violation of the prohibitory law ever visited upon an offender during the twenty-one years since the constitutional amendment was adopted. Justice Disney fined Klauer $7,500, sentenced him to 1,350 days in jail and placed him under $10,000 bond to appear in the district court. He was found guilty on fifteen counts. Assistant Attorney General Redden, who appeared for the state, will get $20 on each count, or $300, from the state treasury.

THE KNIGHTS' OUTING.

The crowd that went to Rome City on the Knights of Columbus excursion yesterday spent a most enjoyable day in spite of the occasional heavy rains. The athletic sports were very exciting. The boat race resulted in a tie between Theodore Dodane and John Parnin. Thomas McArdle won the swimming race, the prize being a pair of trousers given by G. B. Grimme. Mr. McArdle was also the winner of the running race in the water. The prize was a pair of shoes donated by M. App & Sons. The ladies' fifty-yard foot race was won by Mrs. John Woulfe, the prize being five pounds of bon bons given by A. C. Aurentz. The girls' foot race was won by Genevieve Mungovan, the prize being five pounds of bon bons donated by A. Christen. There were but two entries for the tub race, which was won by Frank Hogan. The prize was a box of cigars given by C. T. Tripplet. The fishing contest was declared off on account of the rain.

IN THE JUSTICES' COURTS.

Charles Stanger Thursday evening pleaded guilty to assault and battery on his mother, Sarah Stanger, and paid a fine of $15. The Sentinel Thursday evening inadvertently stated that James A. Wise, who filed the affidavit, was the defendant. Mr. Wise is the son-in-law of Mrs. Stanger.

Justice Rayhouser Thursday acquitted M. Baltes and R. L. Romy of the charge of maintaining a nuisance on Spy Run avenue. The suit was based on the failure of the defendants to keep certain lots free from weeds, as required by the state health laws.

Justices France was called up by telephone this afternoon by Tomison, the Garrett undertaker, who is under bond to appear in court tomorrow morning to answer to a charge of violating the health laws in receiving the body of Charles Campbell for interment without first having procured a permit, asking for a continuance of the hearing. With the consent of the prosecutor the case was continued until next Thursday, provided a new bond is filed in the justice's court by the time the case is set for hearing tomorrow. Otherwise an attachment will be issued and the bond forfeited.

A MAN

Who bought a bill of goods of us yesterday, the most of which he bought at half price, said to us: "I can see now why your stock is always free from old goods—you clean up your stock at the end of each season." He was right. The reason we are doing the clothing business of Fort Wayne is because we give our trade nothing but new goods at the beginning of each season.

USE

MILLIONS of Women Use CUTICURA SOAP, assisted by Cuticura Ointment, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women and mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and baby soap in the world.

Complete External and Internal Treatment for every humour,

Cuticura THE SET Consisting of CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA OINTMENT, to instantly allay itching, inflammation, and irritation, and soothe and heal; and CUTICURA RESOLVENT, to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly skin, scalp, and blood humours, with loss of hair, when all else fails. Sold throughout the world. British Depot: F. NEWBERY & SONS, 27 and 28, Charterhouse Sq., London, E. C. POTTER DRUG AND CHEMICAL CORPORATION, Sole Props., Boston, U. S. A.

THREW UP HIS CONTRACT.

(Hartford City Times.)

City Engineer Harley yesterday threw up his contract of surveying and leveling the right-of-way of the Fort Wayne, Hartford City and Muncie electric railway between that city and Montpelier. The Cleveland engineering firm to whom was awarded the general contract for the construction of the road, wanted too much for their money, and Billy couldn't see it that way.

The applications for removing the trials of the Tammany politicians state as the real reason that they cannot get a fair trial in New York, but there are strong suspicions that the real reason is they fear that they will get a fair trial.

So long as the other nations of the earth keep more men behind the gun than behind the plow than does Uncle Sam, just so long will the United States have a surplus of food to sell to the hungry peoples who still go on trying to delude themselves into thinking that they can keep fat on gunpowder.

According to General Kitchener the Boers are whipped, but do not know it. Hence, he says, their struggle, which some may consider patriotic, no longer deserves that designation. Nevertheless, the war goes on, with an estimated number of 11,000 Boers in the field. If British proclamations and opinions had been potential with the Afrikanders they would have laid down their arms long ago. But they evidently believe that a war is never over until the fighting is over, and, regardless of what General Kitchener thinks, they will probably go right on surprising British posts and doing other unpatriotic things for some time to come.

M. Worth and other celebrated man milliners of Paris will have melancholia when they learn that Queen Alexandra has requested the ladies of the British aristocracy to have their gowns for the coronation ceremony made of British materials, as far as possible, and embroidered by British workmen. Her majesty is a patriotic lady, and her idea of patronizing home industry is a worthy one; but Paris will suffer for it.

Another Alabama sheriff has just held off to a standstill a mob of whites who were bent on lynching a negro. With a small force of deputies he kept the mob at bay and incidentally to prove that he meant business and was not bluffing in his attempt to protect his prisoner he pumped cold lead into several of the mobbists. This shows that in most, if not all cases, a courageous officer, fully determined to perform his duty, can prevent lynching of a prisoner confided to his keeping. Another point of interest and importance is that in Alabama a recent law makes the sheriff responsible for the safety of his prisoners. The fact that within a few weeks two Alabama sheriffs have defeated the intentions of mobs of lynchers is fairly good proof that there is great merit in such a law.

Statistics on marriage and divorce in Indiana have just been issued by State Statistician Johnson. With nine counties missing, the total number of marriages for the year ending June 30, 1901, was 24,007, and the number of divorces for the same period was 3,009, or 12.5 per cent of the marriages. The figures for the year ending June 30, 1900, when all but two counties reported, were: Marriages, 27,051; divorces, 3,864, or 14.2 per cent. of the marriages. Even with the missing counties supplied, it is probable that some improvement in the matter of divorces would remain. In Allen county the showing is not consoling. For the year ending June 30 there were 670 marriages and 119 divorces, the latter amounting to 17.6 per cent. of the marriages, whereas for the year ending June 30, 1900, the marriages numbered 710 and the divorces 110, or but 15.5 per cent. of the number of marriages. There is a gain of 2.1 per cent. for divorces in the year ending June 30. This is a bad exhibit. Something is wrong somewhere when out of every six marriages one divorce can come.

It seems to us that the only proper course open to Admiral Howison is to decline to serve on the Schley court of inquiry. It is charged that in an interview three years ago he gave expression to opinions that denoted him a warm partisan of Admiral Sampson and anything but an admirer of Admiral Schley. Recent publication of the statements made by Admiral Howison in that interview caused the counsel of Admiral Schley and the admiral himself to request that the purported interview be submitted to Admiral Howison for his pronouncement upon the correctness of the things set forth. This request has been denied by the navy department, and unless Admiral Howison voluntarily asks to be relieved from duty on the court he will doubtless serve. If Admiral Howison made the statements attributed to him he is morally disqualified for service on the board. If he did not, he ought to say as much. Admiral Schley and his counsel, as well as all persons interested in a fair hearing of the merits of the Sampson-Schley controversy have a right to demand that Admiral Howison plead to the charge made against him.

FRANCE AND TURKEY.

The international situation created by the reported severance by the French ambassador at Constantinople of diplomatic relations with Turkey appears to be serious, although it is probable that, when crowded to the wall, the sultan will throw up his hands and accede to the demands of France rather than incur the risk of war with that power. Abdul Hamid knows as well as any other man in Europe that his position is a most precarious one, and might become proximately dangerous where he to become involved in hostilities with any first-class power, and particularly with the alley of Turkey's historic enemy, Russia.

On that account we can hardly believe that war will ensue. Such an eventuality would stir the continent from end to end. The rival interests and ambitions of Austria and Italy in the Balkan peninsula would appear violently in evidence, and Russia might be expected to strike one more blow to place the cross on the old church of St. Sophia in Stamboul. Probably the sublime porte will compromise the difficulty arising from its first promising to pay for the French quays at Constantinople and then refusing to do so in offensive language, by an apology and fresh promises, that being its habit.

UNIQUE DINNER PROPOSED.

Wabash, Ind., Aug. 23.—Robert Ridgway, a pioneer of the vicinity of Amboy, has planned an old-time log-cabin raising and log-rolling, with a corn dodger dinner, to which the old settlers of Wabash, Miami, Grant and Howard counties will be invited, on the 30th inst. There will also be other evidences of pioneer days, such as flailing of wheat, picking wool, carding wool, spinning, baking corn dodgers and rocking the babies in a sugar trough. Every person over 70 years attending the rolling will be given a dinner free of hog and hominy and corn bread and milk. Mr. Ridgway will give cash prizes aggregating $100 for building first and second corners of cabin-making, stick chimneys, old-fashioned wooden hinges and other work of pioneer days. A multitude of other prizes are offered by him, among which is a $10 prize for the best four-iminute speech, and $15 for the best three-minute speech. The entertainment is suggested by Mr. Ridgway without hope of reward.

C. A. Wilding, N. D. Doughman, H. J. Miller and J. H. Goshorn leave at 5 o'clock this evening for Hamilton, Ind., to look over the property of the Fort Wayne Water Power company. It is likely the property will soon be placed upon the market and before this is done it will be put in first-class shape.

OUT OF BUSINESS

JEFFERSONVILLE MARRIAGE ARTISTS RETIRE.

ENDS INDIANA GRETNA GREEN

ATTORNEY GENERAL STOPS AN ILLEGAL CUSTOM.

GENERAL NEWS OF THE STATE

HAPPENINGS IN THE REALM OF HOOSIERS.

Jeffersonville, Ind., Aug. 22.—Yesterday marked the death of Jeffersonville as the Gretna Green of Indiana. Attorney General Taylor acted as executioner. He sent Clerk Carr emphatic notice that no more marriage licenses must be issued when the woman applicant lives beyond the borders of Clark county, and the order was at once put into force.

At New Albany County Clerk Charles B. Scott, of Floyd county, gave an example of obedience. He refused marriage licenses to six couples who had traveled from the interior of Kentucky to marry, doing so because the young women had not been residents of Floyd county for thirty days, as required by the statutes of Indiana.

"It makes little difference to me what is done about the marriage law," complacently said Magistrate Hause, of this city. "I am well enough fixed. I expect to go to Europe in a short time to spend six months. I shall keep my matrimonial signs up, for it will advertise my business."

James Keigwin, son of the late Ephraim Keigwin, who married 10,000 couples, stated that he expected to take down his matrimonial sign.

COLORED MASONS ELECT.

Anderson, Ind., Aug. 23.—The grand lodge of colored Masons in Indiana adjourned last night, after electing the following officers: Grand master, D. W. Caine, of Seymour; deputy grand master, R. F. Taylor, of Jeffersonville; grand senior warden, P. C. Terrill, of Mt. Mitchell; grand junior warden, Walter Russell, of Wabash; grand secretary, F. D. Blake, of Terre Haute; grand treasurer, Charles Lanier, of Indianapolis; grand lecturer, H. V. Eggleston, of Bloomington; grand chaplain, Henry White, of Muncie. The next meeting will be held at Crawfordsville on the third Tuesday in August, 1902. The grand lodge indorsed Mr. Eggleston's plan for a colored industrial school, and he was elected grand lecturer in order that he might travel at the expense of the grand lodge and promote his colony plan. Andrew Carnegie promised by letter to aid the colony.

YOUTH COMMITS SUICIDE.

Richmond, Ind., Aug. 23.—Lee Stimmel, aged 15 years, son of Mark Stimmel, agent of the American Express company, shot himself in the right temple yesterday morning with suicidal intent. He lived only a short time. No cause is known.

DROWNED IN A WASH TUB.

Crawfordsville, Ind., Aug. 23.—The 2-year-old daughter of Mr. and Mrs. Elva Clark, of Ladoga, was drowned yesterday by falling into a tub of water during the temporary absence of the mother. Mrs. Clark found the child when life was scarcely extinct, and seizing her daughter in her arms she held her to her breast, refusing to release her to those trying to resuscitate it. The child was finally taken away from her by force, but all efforts to revive it failed.

TRACED BY A LOVE LETTER.

LaPorte, Ind., Aug. 23.—Thomas E. Williams, of Muskegon, Mich., is under arrest, charged with stealing the jewels of Miss Marie Rosenthal, of this city. Williams was apprehended in an unusual manner. In robbing a house, after stealing Miss Rosenthal's jewels, he dropped a letter from his sweetheart, living near Muskegon. Williams was traced by this letter, it furnishing the only clew. The jewels found on Williams have been identified by Miss Rosenthal.

BANKER KEY'S METHODS.

Wabash, Ind., Aug. 23.—Receiver Wilkerson, of the Commercial bank, at Andrews, wrecked by James Key, has uncovered a bunch of forged papers amounting to nearly $3,000, held by the American Trust and Savings bank, of Chicago, as collateral for money advanced to Key. There are six of these notes, ranging in amounts from $410 to $618. It develops that on these notes Key borrowed $1,632. The receiver thinks this is only a starter, as it is believed the Chicago bank took a considerable amount of the forged paper and furnished Key the cash to do business on.

Mr. Wilkerson has also found that there are fifty-seven persons who had balances in the bank when it failed, and twelve persons who had overdrawn their accounts. S. J. Leedy, who is defendant on a $300 note executed to Key, and assigned to the Capital National bank, of Indianapolis, as collateral, says his note is genuine, but as he had a balance in the bank, he wants the benefit of the offset. He says that he had no knowledge that Key assigned the note to the Capital bank, and he also declares that he paid the interest, though no interest credits are on the note.

FOUND HUSBAND DEAD.

LaPorte, Ind., Aug. 23.—Mrs. Jos. Pyrkoski and two children have arrived at Michigan City from Poland, only to learn that the father of the family is dead. He came to this country one year ago, and saved sufficient money to send for his wife and children. They left home a month ago, and three days before they started Pyrokski was drowned in Lake Michigan.

DEKALB COUNTY TEACHERS.

Auburn, Ind., Aug. 23.—The DeKalb county teachers' institute begins August 25 and closes five days later. The speakers will be D. W. Dennis, of Earlham college; Prof. W. E. Smyser, of Delaware, Ohio; Mrs. Mary Ehlers, of this city, and J. E. Woodland, of Wooster, Ohio.

ORDERS SLAUGHTER OF CATS.

Hartford City, Ind., Aug. 23.—Seventy-six cats were killed in one day this week and the board of health has issued an ultimatum to the effect that every feline in the town must be ruthlessly slaughtered. Th theory of the health board is that cats carry the diphtheria germs from house to house in their fur.

THE TAX BOARD'S DECISIONS

FIX ASSESSMENTS OF CORPORATIONS IN INDIANA.

Many Corporations Fare Well at the Hands of the Board—What the Reductions Are.

Indianapolis, Ind., Aug. 23.—The state board of tax commissioners completed the business of the session of 1901 yeterday. The board has during these ten days considered a very large number of appeals from the assessments as fixed at its first session. These appeals have been on all classes of property considered by the board and have been vigorously prosecuted by those interested in the assessment. The changes made by the board as fixed at the first sesson are as follows:

STREET CAR COMPANIES.

Broad Ripple Tracton company, changed from $15,000 per mile main track to $7,500 per mile.

Indianapolis street railway, changed from $35,000 per mile to $30,500.

The Indianapolis, Greenwood and Franklin railway company mileage on incompleted track, changed from ten and a half to eight miles. In all other respects the assessment to remain as fixed by the board at its first session.

The Home telephone company of Wabash was assessed for thirty-seven miles at $500 per mile, instead of twenty-five miles at $800.

Winchester telephone company, assessed at $140 per mile instead of $200 per mile.

Eastern Indiana telephone company, assessed at $40 per mile instead of $45.

Western Union telegraph company remains as fixed by the board at its first session—$62 per mile.

The New Long Distance telephone company also remains as fixed by the board at its first session.

The American Telephone and Telegraph company also remains as fixed by the board at its first session.

GAS COMPANIES.

Kirklin Brothers, from $60,000 to $45,000.

The Southern Indiana Gas company is assessed at $1,541.

The Manhattan Oil company is assessed at $26,886.

The change in the latter company is owing to a mistake made at the first session in considering property belonging to the company and located in the state of Ohio.

The assessments of the National express company and the American express company remain as fixed by the board at its first session. The assessment of the Wells-Fargo & Co. express company is changed from $160 per mile to $100.

FATE OF BOER LEADERS.

London, Aug. 23.—A Pretoria dispatch gives some interesting statistics of Boer leaders. Of the members of the government executive board only Schalf-Burger and Reits are in the field. General Joubert is dead. General Cronje is a prisoner and General Kock was killed. Out of twenty-seven members of the first volksraad thirteen are accounted for. Bernard, Labuschagne and Malan have been killed. To Sergeant Merritt, of the Bedfordshire regiment, was awarded a medal for killing Malan, who was sniping at Magliesburg in June. Merritt stalked him four miles before he succeeded in shooting him. Tosen is dead. Wolmarens is a prisoner. Eight members of the first volksraad have surrendered. About half of the members of the second volksraad are accounted for. All the heads of the state departments are accounted for except Smuts. Three of them are in Europe, two are prisoners and four have surrendered. The judge are all accounted for. Seventy-five per cent. of the subheads of departments are accounted for.

AT WINONA LAKE.

Warsaw, Ind., Aug. 23.—Yesterday was a very busy day at the Winona Bible conference, religious services and meetings being held almost hourly. The attendance yesterday as 5,000, the largest during the session. A pastors' conference was held in the morning, led by Rev. E. F. Hallenbeck, Albany, N. Y., following which came a devotional service conducted by Dr. Cornelius Woelfkin, of Brooklyn. Rev. James M. Buckley, editor of the Methodist Christian Advocate, New York, gave a forenoon lecture, which was followed by a powerful address on "Church Policy" by Rev. George T. Purves, of New York.

The afternoon was devoted entirely to foreign missionary matters. An address by Rev. J. Balcom Shaw, New York representative of the Presbyterian board of missions, was followed by an interesting description of "Life in the Jungles of Africa" by Rev. Willis Hotchkiss, attache of the Friends' mission in Africa, who has spent many years in the mission field there. The hillside service was conducted by Rev. Sam Jones. The Scottish evangelist, Rev. John McNeil, Glasgow, delivered a powerful address last night.

Action was taken looking toward making Winona the permanent meeting place for church conventions of all denominations in the United States.

In addition to the spiritual feasts enjoyed by the ministers and families attending the Bible conference, the social life is at its best. There are Scotchmen who take great interest in golf. Next to that lawn tennis seems to be the favorite. Daily excursions are made by the steamer and the bathing is excellent.

Mrs. L. H. Schmoe, off 111 Baker street, is able to walk about the house and is making progress towards recovery from an illness which threatened serious results a few days ago. She will soon be as well as ever.

Mackintoshes and rubber coats discounted 25 per cent during our eleven day sale, which is now going on. $5 coats for $3.75; $10 coats for $7.50, etc.

THE POLICE COURT GRIST

DICK SCHRECK REPEATS HIS OLD EXPERIENCE.

Too Much, Load, But Promises to Be Good a Year—General News of the Police.

At police court this morning Dick Schreck, after a long absence, greeted the judge and the reporters with the same smile and the same old-time suavity that has been his characteristic for years. He said he got a little too much beer aboard yesterday and it kind o' hung to him until this morning, when Officer Paul picked him up. Dick made an eloquent plea for liberty and said he would be good for a whole year if allowed to go this time. The judge assessed a fine of $5 and costs, but suspended judgment to the delight of Dick, who bowed himself out of court like a waiting maid at a queen's reception.

Henry Freary, arrested on Butler street, was slated for drunkenness. He admitted the charge. He said he formerly lived in Fort Wayne and later in Huntington, but had recently been in the soldiers' home in Marion. His wife came here and, he being informed that she was suing for divorce, he came to this city to persuade her to abandon such intention. He said he believed relatives of his wife were trying to prevent him seeing her. He located her and tried to effect a reconciliation. He confessed to imbibing too many beers in his search about town. He was fined $1 and costs, which was suspended by Judge Louttit in consideration of Freary's promise to drink no more, transact his business and get out of town. Freary was well dressed and gentlemanly. His wife is well connected here.

To show how good he could be when devoting himself exclusively to that kind of a stunt Freary went out and accumulated another "jag" that was a thing of beauty and a joy forever. Before noon he was rearrested and locked up. He will have another hearing in the morning.

Sergeant Phipps went to 214 East Wayne street last night to locate a lot of burglars or something of that kind who were supposed to be prowling around there. A thorough investigation failed to reveal any prowlers of any kind.

A commercial traveler named L. B. Woods, reported to the police that he had lost a pocketbook containing two $10 bills and two mileage books made out in his name. The finder will kindly report to police headquarters.

An alarm from box 46 called the department to the residence of John Suelzer, at 420 south Hanna street, where some rubbish had caught fire. No damage.

PLANS TO FLY TO NEW YORK.

Bridgeport, Conn., Aug. 23.—Gustave Whitehead, the inventor of the flying machine, who recently flew half a mile successfully, is now engaged in constructing a new machine, in which he proposes to fly to New York. He said:

"My success in flying with the first model, which is rough and cumbersome, has induced me to build another machine, which will be larger and strong enough to carry two men. I shall fly to New York on my next trial. I am confident that I can fly that distance with my new machine. I will then have my new acetylene-chemical pressure generator ready. I can carry enough calcium carbide, which is the fuel used, to fly for twenty hours. That is more than enough to fly to New York with. My present machine I am going to take to Atlantic City to exhibit and shall demonstrate its practicability there as being able to carry a man."

Inventor Whitehead has received scores of letters since the articles on his successful flight were published from scientific men in all parts of the country, asking all sorts of questions and for descriptions of the machine. He has two expert machinists now working on the new machine and money will not be spared in making it the acme of lightness and strength.

ABOUT THE CITY HALL.

New cases of scarlet fever have been reported from 187 Taylor street and 41 West Washington street.

Complaint is made of the execrable condition of a number of plank crossings in the west end. The drought dried them out completely and now the rains are having fun with them by curling them up at each end, making them not only inconvenient but unsafe and dangerous.

The finance committee will meet next Monday night pursuant to adjournment last Monday night to hear those residents of Bloomingdale who object to footing the entire bill for the opening of Fourth street. Sentiment regarding the matter is very strong in favor of the opinion of the minority of the committee, and it is not unlikely that the committee will report in favor of allowing the appropriation asked for.

ABOUT THE COURT HOUSE

Next Monday will be the last day of the April term of the superior court.

William Lauer was married a day or two ago and after the ceremony took his father's horse and buggy and started out with his bride to have a good time. Lauer, senior, became indignant and notified the sheriff. Last evening Deputy Sheriff Huguenard found Lauer at New Haven and told him he had better return home at once with the driving outfit, and to the credit of the young man it is proper to state that he was not drunk and gave no evidence of excessive drinking. He explained to the deputy that he had just been married and did not know where to go to if his father was after him. The deputy accepted his promise that he would return home at once and in the meantime volunteered to try to conciliate Lauer, pere. Mr. Huguenard interceded for the young man and shortly after 6 o'clock last evening, according to the agreement, he drove to his father's residence, where he was received with open arms and is now comfortably fixed with his bride. From all accounts there was nothing disreputable in the young groom's conduct at any time, although it was rather unusual.

Mrs. Louis Schirmeyer, wife of Trustee Schirmeyer, is at Rome City for a week or two. She is accompanied by her son, Louis, junior.

Leah E. Bayless has commenced proceedings on a note against Henry C. Taylor et al.; demand, $125.

Burt Smith, marshal of Woodburn and Sheriff Stout's special deputy, has instituted suit in the circuit court charging William Gernhardt with assault and battery, said assault being alleged to have been committed on the 27th of July. The defendant is better known as 'Squire Gernhardt, and is the gentleman who several months ago ate holes in a fellow's face at Woodburn during a scrap. Smith says the doughty little 'squire used him up pretty badly, for which he wants damages in the sum of $1,000.

Charles Dennis, the young man bound over to the circuit court several days ago to answer to the charge of stealing a bicycle at Nine Mile, was released from jail this afternoon. Herman Felts became his bondsman in the sum of $100.

The county commissioners this afternoon entertained John Katzenbarger, chairman; M. J. Kern and Alex. Mentzer, jr., constituting the board of commissioners of Van Wert county, O. The Ohio commissioners were here to consult with the local board concerning a joint ditch between the two counties on the state line.

August C. Penningroth has commenced action against Henry Dreyer et al., asking for the appointment of a receiver for the purpose of collecting rents in which all the parties have an interest.

The superior court is today occupied in hearing the case of Maggie S. Wishart vs. Cyrus K. Fairfield et al. in an action to quiet title.

DIED AT LAFAYETTE.

News of the death at Lafayette of John A. Ries has been received by the relatives who reside in this city. The deceased was married to a daughter of Mrs. Samuel Wurston, of 68 Barthold street, and was known by many Fort Wayne people, who will be sorry to hear of his death. Mrs. J. R. Kretsinger, Mrs. J. F. Babus and Mrs. Frederick Bierbaum, who are sisters of Mrs. Ries, will go to Lafayette to attend the funeral. Mrs. Wurston is quite ill and will not be able to attend the funeral.

A COTTAGERS' MEETING.

A meeting of Rome City cottagers will be held at Spring Beach hotel on Saturday evening for the purpose of making final preparations for the Venetian night entertainment next Thursday evening. A full attendance of cottagers is requested.

Marion	45	62	.421
Columbus	40	68	.370

Yesterday was an off day in the Western association, the only game played being a postponed one between Dayton and Toledo. By winning it Toledo pushed itself a little further up the ladder, while Dayton dropped a few points further away from Fort Wayne. Nothing short of a miracle can now prevent Grand Rapids from taking the pennant, as she finished her trip abroad on Tuesday and opens for nine games on her own grounds today and plays every game save six at home. Toledo plays nine games at home and finishes abroad, as does Fort Wayne. Wheeling comes here for three games, opening today, and then the team goes away for six games. The club will return a week from Sunday and will engage Toledo on that day and will finish with the Mud Hens in two games on Labor day, after which Marion will wind up the season here with three games. All told, there are but nine more games to be seen in Fort Wayne this year and the players should be encouraged for their uniformly good work by a liberal attendance during the balance of the season. Following is the score of the only game played in the association yesterday:

Toledo, Ohio, Aug. 23.—Hughey held Dayton down to two hits yesterday and the game was won by Toledo by timely hitting. Score:

Toledo ..... 1 0 0 0 1 1 0 0 0—3
Dayton .... 0 0 0 0 0 0 0 0 0—0

Hits—Toledo, 8; Dayton, 2. Errors—Toledo, 0; Dayton, 4. Batteries—Hughey and Graffius; Coggswell and Blue.

BASE BALL NOTES.

Catcher Byers has been released by Matthews and Flynn is the only member of the old guard left.

"Whitey" Guese has been given his release by Cincinnati and has signed with Wilmot. Sutthoff, formerly of Matthews, has been signed to take his place.

Muggsy McGraw, of the Baltimore team, will be out of the game for several weeks, the result of an injury to his leg. The member will have to be set in a plaster cast.

Scott Hardesty, released by Fort Wayne, is playing in the outfield for Columbus. The Senators will probably be joined soon by Shortstop Carr, recently released by Pittsburg.

Upon the patronage of the closing games here next month Fort Wayne's chances depend largely whether or not this city will be represented in professional base ball next year. With a faster team in a bigger league than last year the attendnce should be five times what it has been lately.

SHAMROCK'S SCHEDULE.

The Shamrocks will leave for Muncie at 5 o'clock Sunday morning, via the Lake Erie and Western.

The Shamrocks will leave for Pierceton at 12:15 Tuesday noon, via the Pittsburg.

The Fort Wayne fans will have an opportunity of seeing Fort Wayne's crack semi-professional team at League park on Saturday afternoon, Aug. 31, when the Shamrocks will meet the newly organized Library Hall Athletic association team. The Library Hall team is composed of good material, among whom are Fred Stahl, a brother of "Chic" Stahl, and Harry Hogan, one of Notre Dame's fast twirlers.

THE MARKETS.

Chicago, Aug. 23.—Wheat was quiet and easier during the fore part of the session today owing to the weak tone of the Liverpool markets and liberal receipts. September opened ¼c to ⅜c lower at 70½c, rallied to 70@70¾c on covercing and eased off to 70⅜@70½c on local selling. Local receipts were 146 cars, 11 of contract grade; Minneapolis and Duluth reported 566 cars, making a total for the three points of 712 cars, against 442 last week and 742 a year ago.

September later broke to 70c on liquidation and short selling and closed weak, ⅜c under yesterday, at 70@70½c.

Corn was weak largely on heavy exports from Argentina. September opened a shade down at 56¼, touched 56¼@56⅜ and declined on liquidation to 55⅝c. Receipts were 279 cars.

The close was weak, September 1¼c down at 55@55½c.

Oats were dull and easy with corn. September opened a shade higher at 35c and sold to 34½c. Receipts were 244 cars.

Provisions were dull and lower with corn. January pork opened 5c higher at $15.50 and sold to $15.45; January lard unchanged at $8.80, selling to $8.75, and January ribs 2½c lower at $7.92½.

THE DAY ON WALL STREET.

New York, Aug. 23.—There was a lively opening in Amalgamated Copper, 5,000 shares selling at 120 to 119½, compared with 119 last night. United States Steel rose ¾. The majority of stocks showed small net gains. The market showed considerably more animation than for some time past.

Decided strength developed in some coal stocks, especially the Eries, Delaware and Hudson, Reading second preferred, Wheeling and Lake Erie first preferred and Baltimore and Ohio issues, which rose 1@1¾. Their strength permeated the general market somewhat, but Union Pacific was the only principal stock which made any notable advance. Wisconsin Central preferred, Chicago, Indianapolis and Louisville preferred and Colorado Southern second preferred also improved strongly. Baltimore and Ohio later ran off 1¼ and there was some pressure against St. Paul which affected the entire market. The United States Steel stocks were more active, and the common ruled at top figures. The preferred gained ½ and eased off.

A large demand for Union Pacific and Southern Pacific arose which checked the dropping tendency of prices, and the entire market rose strongly. Top prices were made for the leading grain carrying roads, and the Southern and Southwestern stocks were also heavily taken. Trading was in larger volume than for several weeks and the impovement carried many prominent railroads and specialties from 1 to 2 points above yesterday's close. The United States Steel stocks did not gain proportionately with the general market, but held firm.

The rise extended into the noon hour, carrying Union Pacific 2¼ over last night. Others of the Pacific and Southwestern group advanced 1 to 2. Tennessee Coal, American Smelting, Rubber goods and the Chicago Terminal stocks were 1 to 1¾ higher. There was then some reaction.

The buying became very prominent and all classes of stocks advanced still further. Tennessee Coal made the extreme rise of 3¼, but many railroad stocks were from ½ to 2 points higher. The prospects of a more favorable bank statement than had been generally looked for was an influence. Sugar rose 2 points.

Amalgamated Copper showed renewed strength in the final hour, rising in all 2⅝. Manhattan became prominent with an advance of 2⅝, carrying the other local fractions with it.

Prices wavered at the highest and gave way to profit-taking. Amalgamated Copper and Sugar reacting a point. The Pacifics and Southwesterns led a recovery. General Electric jumped 4. The closing was quiet and firm with some stocks at the best.

Bonds were strong.

NEW YORK MARKETS.

New York, Aug. 23.—Flour—Receipts, 17,747 bbls; sales, 4,700 pkgs; state and western market moderately active and steady.

Wheat—Receipts, 149,150; sales, 1,850,000 bu; market dull and easier; foreign and local houses sold, cables were disappointing and northwest receipts liberal. Towards noon it rallied on big clearances. Sept., 76¼@76½c; Oct., 76⅜c; Dec., 77⅝@78½c.

Rye—Market quiet; state, 55@56c, c. i. f. New York car lots; No. 2 western, 62½c, f. o. b. afloat.

Corn—Receipts, 26,500 bu; sales, 135,000 bu; market opened steady but was weakened by September liquidation and lower cables. Sept., 60½@60⅝c; Dec., 61⅝@62½c.

Oats—Receipts, 51,000 bu; market inactive and barely steady; track white, 41@48c.

Beef—Market steady.

Pork—Market dull.

Lard—Market firm; prime western, steamed, $9.20.

MARRIED IN TOLEDO.

(Toledo Blade.)

The marriage of Miss Emma Cohen daughter of Mr. and Mrs. Philip Cohen, to Samuel Bailer, of Fort Wayne, Ind., was solemnized last evening at the home of the bride's parents, on Union street. The little flower girls, Miss Hazel Cohen and Miss Lotta Goldberger, dressed in dainty white gowns, were under a canopy of white blossoms. Rabbi Levin performed the ceremony. The wedding march was played by a string orchestra. The bridal gown was of white tucked mousseline de soie, and with the long veil and carrying a shower bouquet of bride's roses, the sweet bride made a charming appearance. The bridesmaids were Miss Rebecca Levi and Miss Rose Koplin. Samuel Cohen, a brother of the bride, and Joseph Bailer, brother of the groom, were the groomsmen. The rooms were handsomely decorated with palms, ferns and flowers. After the ceremony an elaborate supper was served and Mr. and Mrs. Bailer left for a wedding journey to New York and Buffalo, after which they will be at home at Fort Wayne. The out of town guests were Mr. and Mrs. Bailer, jr., Mrs. Lizzie Goldenberger, a sister of the bride, and children; Joseph Bailer and Moses Bailer, Mrs. Frank Yankelwitch and Miss Lizzie Yanklwitch, all of Fort Wayne; Mr. and Mrs. A. E. Davis, of Grand Rapids; Miss Mamie Dowling, of Boston.

FOUND UNDER CAR

ED DARLING KILLED IN MYSTERIOUS MANNER.

WAS SENT TO FLAG A TRAIN

LATER WAS FOUND DEAD ON A BRAKEBEAM.

PENNSYLVANIA DENIES STORY

HAS NOT LOST CONTROL OF NORFOLK AND WESTERN.

The dead body of Edward D. Darling was found hanging to the brakebeam of a car in the first section of westbound freight train No. 75, at Grovertown, last night. Its presence there is a mystery which will probably never be cleared. Mr. Darling was employed as a brakeman on one of the work trains engaged in making the improvements at Donelson's hill, working with the night gang. Last night he was sent back to flag No. 75, which was due in a few moments, a duty which he faithfully performed. That was the last time he was seen until found in the manner stated. It is presumed that when the train reached him he climbed upon one of the cars and fell to the tracks and was killed. The body was not badly mangled and death was evidently caused by rolling Darling along the tracks. Mr. Darling was 24 years old and unmarried. His parents reside in Etna Green, where the remains were taken today after the coroner had view them and the surroundings. The unfortunate young man had been in the employ of the company only a few months.

SOLD ANOTHER ENGINE.

J. E. Noble, traveling salesman for the Bass Foundry and Machine company, came home from Bucyrus, O., last evening ith a contract for building a 300-horse power Corliss engine for the Kenawha and Michigan Railway company, which is about to install a steam plant at Hobson, O., where its main shops are located. John B. Morgan, the master mechanic of that road, arrived in the city this morning and is now in conference with the Bass officials concerning the engine and some other machinery which will be needed for the plant. Mr. Morgan was formerly a prominent resident of Fort Wayne and will be remembered by all of the older men, particularly those engaged in railway work. He was general foreman of the Wabash shops for a number of years and was also a member of the city council several terms. He will probably call at the shops to see his old friends before he returns to his home.

VENETIAN NIGHT TRAINS.

The Grand Rapids and Indiana company will give Fort Wayne a most excellent opportunity to visit Rome City next Tuesday, Venetian day, and it is quite probable that a very large portion of the population will avail themselves of the opportunity. In addition to the regular trains, there will be five specials, leaving the city at 3, 4, 5, 6 and 6:45 o'clock, respectively, in the afternoon, and returning, leave the resort at 9:45, 10, 10:30 and 10:45 in the evening, giving ample time fo:

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eclectric Oil relieves the pain instantly. Never safe without it.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanetly, after doctors had failed." C. F. Cornwell, Valley street, Saugerties, N. Y.

viewing the wonderful spectacle that will be given there on that date. The cottagers' committee, which has charge of the exhibition, has issued posters and they were today placed upon the various bulletin boards about the city.

FORTY YEARS AGO.

The Lagrange Democrat this week reproduces a railway item which appeared in that paper on January 1, 1861, when the road referred to was a mere project, and a very feeble one at that. The item is in the form of an inquiry and answer and is as follows:

"Mr. Editor—Can you inform me through the Democrat what the prospects are of the Grand Rapids and Indiana railroad going ahead?

"Answer—We are not advised that this company is doing anything in the way of progression. Our opinion is, however, that it ds a fizzle."

INSPECTING THE NEW LINE.

General Superintendent H. M. Magee, of the Wabash, passed through the city last night, en route to Toledo, where he is today taking notes of the progress made in building the new Toledo-Chicago Wabash line. The company is very anxious to complete this line before navigation closes.

OFFICIALS DENY STORY.

Philadelphia, Aug. 23.—A high official of the Pennsylvania Railroad company stated emphatically today that there is absolutely no foundation in fact for the report that the Gould interests have secured control of the Norfolk and Western. The official added that nobody need worry about the Pennsylvania's position in regard to the Norfolk and Western, as the Pennsylvania has had control for some time and still holds that control.

SHIPPING BOILERS.

The Bass company today sent the first pair of water-tube boilers, on an order for eight, on their way to Terre Haute, where they will be placed in the power plant of the Highland Steel company. These boilers were of 250 and 125-horse power capacity each. Next week two more will leave the Bass shops and the following week the other four boilers will be ready to ship.

GETTING NEW ENGINES.

The engines contracted for by the Wabash company several months ago are now due and will be delivered at the rate of two or three a week until the order has been filled. Twenty-five of them will come to the eastern division and one, No. 622, has already been delivered. It is a ten-wheel passenger engine. In all there are seventeen freight engines of the compound pattern; six passenger engines, three of them ten-wheelers and three of the Atlantic type, and two immense switch engines. All of these are coming from the Richmond locomotive works. With this addition to the power of the eastern division of the road, the Fort Wayne shops, where all important repairs are made, will have about all the work they can handle. It is hoped that by increasing the shop force and by the addition of some improved machiney they will be able to handle the increased business without any trouble. There has been a big increase in the shop force already and new men are constantly finding employment there. A year ago the July pay rolls contained 285 names and this year the pay roll for the same month contains 344 names, an increase of fifty-nine. There has been a corresponding increase in the amount of money distributed among the workmen. Next Monday W. S. Danes will put a gang of men at work in putting in the foundation for three new machines in the shops—a large planer, a boring mill and a drill press. These machines are now en route here. Passenger engine 655, in for light repairs, and freight engine 430, in for general repairs, will leave the shops today and be tested tomorrow, when they will be turned over to the transportation department for service.

INDUSTRIAL NOTES.

Harry Beers, of the electric works, is off duty on account of sickness.

After a ten days' lay-off Nickel Plate Brakeman C. H. Rice is working again.

Tomorrow the Panhandle employes have a field day and athletic exhibition at Columbus, O., and 125 entries in the various events have already been recorded.

Conductor T. Sarber and his family yesterday moved into the house at 128 Montgomery street.

Ernest Eix, who was sick a week, resumed his duties in the Bass blacksmith shop this morning.

A train of twenty-nine cars loaded with beef for export passed over the Nickel Plate last night.

H. Toenges, of the east car shops, and D. B. Greenawalt, of the freight house, are sick and off duty.

F. McNulty, a machinist, and Fred Elliott, a meter builder, are new employes at the electric works.

Conductor M. Cave, of the Pittsburg, is off duty and his run is being looked after by Conductor R. A. McCarthy.

Machinist Walter Adams, of the Bass works, went to Bridgeport, Ohio, last night to set a Bass engine in operation.

A. K. Baker, inspector of new car wheels for the Pennsylvania, is on duty again, after a two days' fishing expedition.

Nickel Plate Engineer J. E. Hughes is taking a lay-off for the purpose of visiting friends in Chicago a few days.

Charles E. Mungovan, son of the well known locomotive engineer, has taken a position as engine crew caller for the Pittsburg.

Mr. and Mrs. G. W. Conklin have gone to Findlay, O., for a week's visit with relatives. Mr. Conklin is a Nickel Plate fireman.

Edward Kern, the father of Nickel Plate Engineer Samuel Kern, was buried in Bellevue today. He died in that city last Wednesday.

George Transue and his son have gone to Buffalo to attend the Pan-American exposition. Mr. Transue is a Nickel Plate switchman.

Nickel Plate Brakeman W. H. Clements will spend a ten days vacation at the Pan-American exposition He left for that purpose today.

Louis Flaugh, who was at Garrett, and John Rupp, who was sick, resumed their duties in the Pittsburg blacksmith shop this morning.

Charles Jocquel, William Thielke, A. W. Thompson, J. McCarthy and J. H. Arnold, of the Pittsburg shops, are off duty on account of sickness.

Yard Fireman Henry Saynor, of the Pittsburg, has taken a vacation and will probably visit friends in several cities before he resumes work.

Engineer Peter Reilly made his last trip for awhile on Pennsylvania trains 9 and 18 last night. He leaves tomorrow with his children for Erie, Pa., and will not return for two or three weeks.

Ed Lenfesty is rapidly recovering from the pistol wound received several months ago at Muncie. His sight has been destroyed, but otherwise he will completely recover. He is still in the Marion hospital.

Indianapolis Journal: It is reported in railway circles, says the New York Times, that Charles M. Hays has been asked to return to the Grand Trunk railway as vice president and general manager.

Charles D. Porter, who has been spending his school vacation term in the mechanical department of the Pittsburg shops, is peparing to enter Purdue college again and with that object in view has quit the shops.

When Forepaugh's show exhibited at Petoskey, a few days ago, the Grand Rapids and Indiana road carried 18,000 people into that town. The show management said that the attendance that day was the second greatest of the season.

H. J. Donnelly, a Pennsylvania train dispatcher residing in Crestline, is taking his summer vacation. He has been visiting Engineer Denny McCarthy and Machinist William Hosey a few days. He goes to Chicago this evening to spend a few days.

Charles W. Hall, formerly of the Pennsylvania shops in this city, now a foreman at the Wellsville shops, passed through the city last night, en route to Petoskey, where he hopes to receive physical benefit from a sojourn of two or three weeks. Mr. Hall has been in bad health for several months.

Subsequent events prove the threat to remove the Clover Leaf shops from Frankfort to Delphos a huge bluff, inspired by the attitude of the citizens of Frankfort during some labor troubles in the shops there. The company has just installed air-brake testing and repair machinery in the Frankfort shops at a cost of $1,000, which does not indicate any intention of removing the shops in the near future.

W. B. Rooney, a Pennsylvania brakeman, sustained a fractured rib yesterday and will be unable to work for awhile. While in his caboose the air-brakes tightened up with such force that he was thrown against the end of the car with the result mentioned.

William McBennett, machinist at the electric works, has returned to work after an absence on account of sickness.

Nickel Plate Brakeman A. B. Conn, who had been off duty for personal reasons a few days, reported for work yesterday.

Conductor E. B. Hilbish, of the Nickel Plate, was taken sick last night and had to "deadhead" to his home in Bellevue.

J. H. Coff and wife left today for Buffalo to attend the exposition. Mr. Coff is a Grand Rapids and Indiana conductor.

W. H. Tigar resumed his place at the desk in the Pennsylvania trainmaster's office this morning. He had been taking a vacation.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, is entertaining his father-in-law, Mr. D. R. Moore, of Altoona, Pa.

Engineer C. C. Craig and Fireman J. Milner are sick and Firemen H. Hamilton and E. Yates are off duty on account of their wives being sick. The gentlemen are Pennsylvania employes.

During the present week there were repaired and turned out of the Pittsburg shops engines 412, 278, 61, 14 and 241. So far engines 302 and 318 have been taken in for general repairs and more will be sent in tomorrow.

Mrs. Hobrock, wife of Shop Clerk J. H. Hobrock, and children went to Rome City this morning to occupy the Peters cottage a couple weeks. Mr. Hobrock will spend the nights there, coming here each morning to look after office affairs.

Thirty-one Packard organs are being loaded today for shipment to Liverpool, England. This is only one of the many shipments of these organs abroad. They are a favorite with music-loving foreigners and are almost as well known in England as in America.

William Madison, foreman of the lathe department of the Pittsburg machine shop, who has been very sick for several weeks, is now able to walk about the house and is slowly regaining srength. During his absence from the shop W. Y. Cherry is acting as foreman.

Foreman J. J. Beugnots, of the Pittsburg car machine shop, is suffering from the effects of a fall a few days ago, although he has since been able to look after shop affairs as usual. His foot was caught in a hole, and Mr. Beugnots was thrown down and his hip and knee were bruised.

It will relieve the friends of Pennsylvania Conductor Thomas McArdle of considerable anxiety to know that he is now provided with a pair of trousers and a pair of shoes. He attended the Knights of Columbus picnic and field and water day at Rome City yesterday and won the articles mentioned by his superior prowess in a sprinting and swimming way. The foot race was made in water knee deep and the shoes were the prize, while the pants were won by outswimming his comptitors in deep water. Mr. McArdle is very proud of his conquests.

BOUGHT A NEW SWITCHBOARD

HOME TELEPHONE COMPANY MAKES A PURCHASE.

Chicago Concern Gets Extensive Contract for Apparatus of Newest Pattern.

Thursday afternoon the Home Telephone company closed a contract with the Stromberg-Carlson Telephone Manufacturing company, of Chicago, for a magnificent new switchboard, with a capacity of 6,000 telephones, which will be installed in the new building now in process of construction by the Home company.

The purchase price is not made public, but it is known that the new switchboard, with the attendant cable and construction work made necessary by its installation, represents an investment in the neighborhood of $40,000. It will take fully six months to build and install the new board.

The selection was made after a thorough investigation of the different systems now in use. Manager Moellering and other officials of the Home company have visited a large number of other exchanges to note the working of different varieties of apparatus, and they are convinced that their choice has fallen upon the very best in the field. The company promises to produce one of the finest boards ever built for any company at any point.

The board will be equipped with the full electric lighting signal system, and the power will be that of the common battery or what is known as central energy. When the new board is installed it will not be necessary to turn a crank upon the telephone to signal the central office merely removing the receiver from the hook performs that office automatically. For the present it will be possible to equip in this manner only the 'phones which are located north of the Pennsylvania tracks, leaving those south of that line to be similarly provided for as rapidly as possible.

And Our Other Friends.

We are going to ask you to do something tomorrow that we have never asked of you before. Our sale is now thoroughly advertised and the people have found out that "half off" means half off at our store. Our store will be open at 6:30 in the morning and we want everyone that expects to trade with us tomorrow to come in the forenoon if possible. We always have a large out-of-town trade in the afternoons. We will appreciate it tomorrow, very much, if you will decide on what you want as quickly as possible, for Monday you can return anything you do not want and get your money or exchange it for something else. Do this to help us out tomorrow—please.

LABOR LEADERS IN CONCLAVE

Heads of Great Organizations Discuss Strike, Help for Strikers and Means of Ending War or Extending It.

Pittsburg, Aug. 23.—President Shaffer, of the Amalgamated association, announced that President John Mitchell, of the United Mine Workers of America; Grandmaster Sargeant, of the Brotherhood of Locomotive Firemen; President White, of the Garment Workers of America; Ralph W. Easley, of the National Civic federation, and J. W. Jenks, of the Industrial committee, would meet with him at the Amalgamated headquarters at 3 o'clock this afternoon. The meeting, he said, had not been prearranged. They came here without instructions and with a desire only to look over the situation. A statement will probably be issued at the close of the meeting.

Outside sources stated that the outcome of the conference will either be a complete plan to end the struggle or a more comprehensive effort at forcing the fight into the strongholds of the combine.

It is said that this meeting will have an important bearing on the strike.

Representatives of the constituent companies of the United States Steel corporation in Pittsburg contend that there is no movement looking to a settlement of the strike that will be effectual; that the combine program is gradually and quietly to resume operations.

As a result of the strike the combine has arranged its program of centralizing operations and proposes now to make these centralizations in non-union strongholds. In combine quarters it is said that the Amalgamated arbitration proposition was refused because the issue had gone too far and the strike had been extended against issues innocent of the original contentions and bound to wage contracts.

SITUATION UNCHANGED.

Pittsburg, Pa., Aug. 23.—The steel strike situation was without material change today. All the combine plants started recently with non-union workmen were in operation with about the same number of men as yesterday and quiet prevailed at all points.

The steel officials appear satisfied with the progress made and are evidently preparing more surprises for the strikers in the way of starting other plants with imported men.

The bar mill at the Painter works did not start today as announced. Fires were lighted in the furnaces

SHEEHAN BACKS COLER FOR MAYOR

New York, Aug. 23.—John C. Sheehan, of the Greater New York democracy, said today that the name of City Comptroller Bird S. Coler would be presented to the anti-Tammany conference on September 9 as a candidate for mayor. At this conference will be representatives of the republican county committee, the independent democratic organization, the citizens' union and the German American union. Mr. Coler was elected comptroller on the Tammany ticket at the last city election.

BAKED FIRST GOODS TODAY

NEW CRACKER FACTORY IS IN OPERATION.

Wayne Biscuit Company Begins Active Operations With Splendid Outlook for the Future.

The newly organized Wayne Biscuit company started the machinery in its Barr street plant this morning for the first time, and this afternoon the first product came from the bakery in the form of fine crackers and toothsome ginger snaps. While there were some little annoyances inseparable from the getting of a new plant into operation, everything dropped into line with remarkable smoothness, and within a day or two business will be carried forward with all the ease of an old established factory.

The plant of the Wayne Biscuit company is thoroughly modern in every particular and it is stated that nothing has been omitted that could possibly add to the effectiveness of the factory or the excellence of its product. Twenty people are already employed and within a few weeks this force will be more than doubled. The capacity is from 275 to 300 barrels of crackers daily, and to bake these fifty barrels of flour are used in a day of ten hours. Stephen E. Wolford is foreman of the baking department and his assistant is N. C. Kettering.

The Wayne company is wholly a home institution; its owners have asked no bonus, but have gone steadily ahead and established their factory. Many of those interested are experienced cracker men and a very promising future is predicted for the institution. The traveling salesmen will be placed upon the road early in September.

EXPELS SHORTSTOP SHUGART.

Chicago, Aug. 23.—President Johnson, of the American league, today expelled Shortstop Shugart, of Chicago, for striking Umpire Haskell at Washington. Mr. Johnson said: "Each player of the American league who in the future slugs an umpire on the ball field will be expelled from the league. That is final."

KENNAN IN BOSTON.

Boston, Mass., Aug. 23.—George Kennan, the author, whose strictures upon Russian reformatory institutions led to his expulsion from that country, was a passenger on the steamer Commonwealth which docked here today.

CASTRO SENDS AID TO GEN. URIBE

President of Venezuela Dispatches Troops to Help the Revolutionary Army in Colombia---New Venezuelan Revolt.

New York, Aug. 23.—President Castro sent the gunboats Sebaoro and Miranda and other Venezuelan war vessels from LaGuayra and Corro, troops under the command of General Davila, to Rio Hacha, on the coast of Colombia, says the Willemstadt, Curacoa, correspondent of the Herald. Eight hundred men are in the expedition. These troops will assist the Colombian revolutionists under General Uribe Uribe. President Castro has also sent a good supply of ammunition.

The correspondent confirms the report that the republic is absolutely quiet, notwithstanding a fear of a general uprising on the Colombian frontier, due to the announcement of President Castro that Venezuela was attacked by the conservative government of Colombia.

There is excellent authority for the statement that a new Venezuelan revolution, led by liberals, is being arranged. The leader of this revolution is now in New York. The political situation in Venezuela is more than serious. No one is allowed to leave the country without special permission. At the Limon river, where an American company employs 300 men, one morning only fifteen were found on the premises, the others having been forcibly recruited during the night to defend the country.

A special to the Herald from Caracas says: Gen. Juan Pietri, who was minister of war for President Crespo during the revolution of 1892, while on his way to Guarico to raise an insurrection, was arrested, charged with conspiring against President Castro.

WATCHED WITH INTEREST.

Washington, Aug. 23.—The progress of the complications between Venezuela and Colombia continues to attract the attention of the authorities here, who occupy the position of disinterested observers of an affair in which the United States has no direct concern except in properly safeguarding American interests. In the event of an actual conflict between Venezuela and Colombia there is felt to be no occasion for action on the part of this government, except in pursuing the usual course of looking after the property interests of our citizens in that quarter. The state department has no official advices from either country.

LECTURE ABOUT THE BOXERS.

Rev. D. Willard Lyon, who has spent a number of years in Pekin, China, in Y. M. C. A. work, will deliver an address on the subject, "The Boxer Movement and Its Lessons," at the Third Presbytevian church next Sunday morning. Rev. Lyon has had wide experience among the Chinese and his address will be of great interest. He expects to return very soon with his family to China to resume his missionary labors.

PLENTY OF WATER FOR CITY

RAINS HAVE RELIEVED THE SITUATION.

Storms Have Delayed the Test of the Downie Pump—Another Also to Be Put to Work.

There is nothing particularly new in the waterworks situation farther than that for the first time in several months the department has more water on hand than it can use. In the words of Engineer Baxter, "We have water to burn." The recent rains have eased up the situation in two ways: The necessity for using water for sprinkling and irrigating purposes has been removed and the downfall of rain has increased the supply. Accordingly this morning the big compressor borrowed from the Fort Wayne Gas company was shut off in order to save fuel and only the small compressor is now being operated. The test of the Downie pump commenced yesterday morning was abandoned on account of the rain, and has not been resumed, neither is the pump in operation. At present it is down 112 feet, and before being put into use again it will be dropped about twenty feet more, as at the present depth it can not work to its full capacity. The second Downie pump, which arrived several days ago, is being put into position and it is possible that it can be operated this afternoon. There is not enough pipe on hand to sink it more than about eighty feet, but as it is being placed in what is considered the best well in the field it will be given a preliminary test at that depth. However, it will not be tested for capacity until pipe and casing can be secured to put it down at least thirty and possibly fifty feet deeper. The difficulty in securing pipe is partly due to the fact that an eight and one-half inch casing is used, which is an odd size, not usually carried in stock, and is also largely due to the steel strike, which prevents the pipe from being turned out to order. As soon as the two pumps are ready for test the public will be notified and persons interested will be privileged to witness the workings of the new appliances.

DID NOT CONTAIN A NEWS ITEM

Columbus, Ohio, Aug. 23.—The Press-Post was issued yesterday afternoon without a news item of any sort. It was filled with miscellany, short stories, editorials, cards from the owner to the public and a very little advertising. The compositors refused to set copy written and handled by the nonunion reporters and editors who were employed to take the places of those who were discharged. Clarence M. Jones, the owner of the paper, sent some copy to the composing room, and it was promptly returned. The machines were idle for some time, and he finally prevailed upon the linotype men to set the miscellany. His sympathy method of collecting news was more productive of items, but the compositors refused to set them. Mr. Jones will make an effort to deunionize every department of his paper.

RACE QUESTION ABROAD.

New York, Aug. 23.—All the London papers publish articles on the objections of the American patrons of the St. Ermine's hotel to negroes and the subject is much discussed in the hotels, says a London dispatch to the Journal and Advertiser. Englishmen side theoretically with the negroes, while Americans as a rule are outspoken the other way.

INDICT TEN MEN

ALABAMA GRAND JURY AFTER LYNCHERS OF NEGRO.

GOODLY PART OF MOB MARKED

OBSTINATE WITNESSES ARE JAILED FOR CONTEMPT.

WHAT A PLUCKY SHERIFF DID

ALABAMA OFFICIAL PUTS A MOB OUT OF BUSINESS.

Montgomery, Ala., Aug. 23.—Investigation by the grand jury into the recent lynching of a negro in Elmore county has resulted in indictments against ten of the thirty persons alleged to have constituted the mob. Several witnesses who refused to testify when called were placed in jail for contempt. These are the first indictments against alleged lynchers in this state in many years.

SHERIFF SAVES NEGRO.

Ashville, Ala., Aug. 23.—One man was killed and another probably fatally wounded in a battle here yesterday to save the negro, Jim Brown, from the vengeance of a mob after he had been tried and sentenced to be hanged on September 20 for criminal assault. The killed:

Walter Blankenship, shot through the head, the ball penetrating the skull above the right ear.

The wounded:

Arthur Blankenship, breast and abdomen penetrated by birdshop, eye put out; condition critical.

A small boy, the son of James Hanley, slightly wounded about the face by birdshot.

The attempt of the mob to gain possession of the negro followed a swift trial. It was a battle of witnesses, with the judge and court officials on the defensive to suppress the fast rising anger of the crowd, as detail after detail of the negro's work was told by the witnesses for the state. There was no evidence for the defense. As Brown said afterward in his confession, there was nothing the witnesses he had summoned could say in his behalf.

PLEA FOR PEACE.

The clash came half an hour after Judge Pelham had pronounced the sentence. By a ruse the court room was cleared of half of its angry occupants. The remaining half was surly and seemed bent on mischief. At the request of Judge Pelham J. L. Garrett, father of the girl outraged by Brown, mounted a table and counseled peace. He had hardly addressed the assembly as his friends and neighbors before he broke down in tears. In concluding his appeal he said: "If you have any respect for my feelings, if I can have any weight in your hearts, let me urge you as good citizens to go home and obey the law, and I will never cease to thank you from the bottom of my heart from this day to the day of my death."

After some difficulty the court room was cleared. Sheriff North thought it unwise to attempt to take Brown to the jail, a few blocks away, for the crowd was rapidly increasing around the front door of the court house. Twenty-eight deputies, armed with pistols and shotguns, were stationed in the front hall and at the windows of the room.

MOB FIRED UPON.

The first sign on an outbreak came when one man from the outside, with a pistol in his hand, started to mount the stairway. He was followed by two or three others. Several shots were exchanged and the mob leaders began firing into the windows. Arthur Blankenship was hit first and his brother was shot while emptying his revolver in the direction of the windows above.

A hard rain began falling. The bodies of the wounded were removed and the crowd scattered about in front of the stores across the street. The officers took advantage of this lull and spirited the negro away in charge of two special deputies. He was gotten safely aboard a freight train for Birmingham.

DEAD IN HIS BATH TUB.

New York, Aug. 23.—James W. Lyall, sixty-three years of age, a wealthy manufacturer of cotton goods, was found dead today in a bath tub at his home in this city, with the gas turned on. The theory of the family is that Mr. Lyall had been overcome by faintness and fell, striking the gas bracket in falling, and so turned on the gas. They say that he had no reason to commit suicide so far as they knew.

FIREMEN AT BUFFALO.

Buffalo, N. Y., Aug. 23.—Firemen who have assembled here by thousands from all sections of the United States and Canada participated today in a monster parade. Chief B. J. McConnell, of the Buffalo fire department, was grand marshal, with Col. G. J. Haffa as assistant. Among the cities represented in the parade were New York, Cleveland, Martins Ferry, Ohio; Bradford, Union City and Butler, Pa., and Niagara Falls, Trenton, Seaforth, Dunnville and Merritton, Ont.

AN INVALID'S SUICIDE.

New York, Aug. 23.—John C. Topping, manager of the hardware firm of Topping Bros., of this city, committed suicide by jumping from the third story of his home in Brooklyn. Insomnia, due to nervous prostration, was given as the cause. He was widely known in hardware circles.

BAR ASSOCIATION ELECTS

U. M. ROSE, OF ARKANSAS, IS CHOSEN PRESIDENT.

Former Attorney General Ketcham, of Indiana, is Elected Member of Executive Committee.

Denver, Aug. 23.—The American Bar association concluded the business of the main organization at today's session. The educational branch held a meeting this afternoon. This evening the annual dinner will be disposed of. The general council reported the following nominations:

President—U. M. Rose, Little Rock.

Secretary—John Hinkley, Baltimore.

Treasurer—Francis Rawle, Philadelphia.

Executive Committee—U. M. Rose, president ex-officio; Edmund Wetmore, retiring president, ex-officio; John Hinkley, secretary ex-officio; Francis Rawle, treasurer ex-officio; William A. Ketcham, Indianapolis; Henry St. George Tucker, Lexington, Va.; Charles F. Libby, Portland, Me.; Rodney A. Mercer, Towanda, Pa., and James Hagerman, St. Louis.

The nominees were all unanimously elected, including vice presidents from each state.

After a brief address by President-elect Rose the convention adjourned sine die. Among the vice presidents chosen was Samuel O. Peckins, of Indianapolis.

FEAR SCALDS WILL BE FATAL

CHILD FALLS INTO PAIL OF BOILING WATER.

Little Son of Mr. and Mrs. Harry Waterman, of Home Avenue, is Frightfully Injured.

John Waterman, the 4-year-old son of Mr. and Mrs. Harry Waterman, of Home avenue, was so badly scalded this morning that grave fears are entertained that he can not recover.

A pail of boiling water had been placed for a moment upon the kitchen floor and in playing about it the little fellow in some manner fell into the scalding liquid. His cries quickly brought assistance, and Dr. C. H. English was summoned to attend him. The physician found that the lad had suffered extensively, both legs, his left side, left arm and his neck were frightfully scalded.

The little patient is resting easily this afternoon, and while the physician does not give up hope, the extent of the injuries are regarded with grave apprehension. About a week ago the boy broke an arm and the unfortunate occurrence this morning adds greatly to his suffering.

VALET JONES GETTING WELL.

New York, Aug. 23.—Assistant District Attorney Garvin, who has had Charles Jones in charge since the latter's attempt at suicide while in jail awaiting trial for the alleged murder of his employer, William M. Rice, the aged millionaire from Texas, says Jones is still under police surveillance and regularly visited by a physician, but that the prisoner is improving in health. He is taken out about once a week for a drive through Central park and the assistant district attorney is of the opinion when the case is called for trial Jones will be himself again.

AN ULTIMATUM TO THE SULTAN

French Ambassador Will Take Entire Embassy from Constantinople if France's Demands are Not Complied With.

Constantinople, Aug. 23.—The French ambassador, M. Constans, today sent a letter to the sultan personally, informing him that he would leave Constantinople with the entire staff of the embassy if the matters in dispute were not settled immediately. The letter has the nature of an ultimatum. It accords the sultan the briefest delay within which to comply with the demands.

M. CONSTANS HAS FREE HAND.

Paris, Aug. 23.—5:50 p. m.—While the officials of the French foreign office decline to confirm or deny the dispatch of the Associated Press from Constantinople announcing that the French ambassador has sent the sultan a letter which is in the nature of an ultimatum, they admit having received a telegram from M. Constans, which has been laid before the council now sitting at the Elysee palace. Only three ministers were not present. The premier, M. Waldeck-Rousseau; the minister of agriculture, M. DePuy, and the minister of public works, M. Baudin, are absent from Paris. The correspondent learns that M. Constans has been given a free hand. Any step he finds proper to take will be fully endorsed. The foreign minister, M. Delcasse, if he deems it necessary to withdraw the French embassy from Constantinople, Munier Bey, the Turkish ambassador, who is now in Switzerland, will be notified not to return to Paris, in which case Munier Bey will probably withdraw the legation to Berne, as he is also accredited as minister to Switzerland. No naval demonstration is yet contemplated, but the sultan will probably be seriously inconvenienced by the closure of the Turkish embassy here, which is the center of espionage from which to watch the numerous young Turks and other disaffected Ottomans and voluntary exiles who make their headquarters in Paris, and who will have a free hand if diplomatic relations between France and Turkey are completely broken off.

It has been suggested that the French government issue orders for the bourse to cease dealing in Turkish securities, but it is not likely that this step will be taken, as it would only injure the French bondholders.

The entire Turkish group fell on the bourse today, in some cases going down 10 to 12 francs.

According to a special dispatch received here from Berne Munier Bey has already leased a villa there for the use of the Turkish embassy.

THE HOWISON INCIDENT IS CLOSED

Washington, Aug. 23.—At the navy department the matter of the service of Admiral Howison on the Schley court of inquiry is considered as a closed incident, so far as the department is concerned, and one which will be left to the direction of the court itself.

Mr. Hackett stated today that he had not received the reply which, it is said, Admiral Schley will submit in regard to the action of the department declining to refer the original request concerning the Howison interview to that officer for a statement.

Captain Lemley, the judge advocate general of the navy and the judge advocate of the Schley court, has returned from Canada and will at once begin the work of compiling a list of the witnesses to be summoned before the court of inquiry. It is expected that this list will be ready for submission to Admiral Schley early next week.

WIFE MURDERER HANGED.

Baltimore, Aug. 23.—John H. Butler, a negro, was hanged in the jail yard here at 10 o'clock this morning. Butler killed his wife, Lavina, last October by beating her with a cobblestone. He has always denied his guilt and several attempts have been made to have his sentence commuted on the grounds that he was insane. He was prominent as a republican politician.

PITIFUL SCENES AT A HANGING

Nordstrom, the Washington Murderer, Collapses at Gallows and is Strapped to a Board---A Celebrated Case.

Seattle, Aug. 23.—Charles W. Nordstrom was hanged here today for the murder, November 27, 1891, of William Mason.

Shortly after 9:30 Nordstrom was taken to a room adjoining the death chamber. He wept continually. It required the utmost efforts of four men to keep him on his feet. When he was taken into the death chamber he broke down entirely, crying in a childish voice and praying that his life be spared. Then he collapsed entirely and fell to the floor.

Efforts to raise him and keep him on his feet were fruitless. Finally Sheriff Cudihee ordered that a board be brought. To this Nordstrom was tied. It required six men to hold him for the operation. Several times Nordstrom seemed to speak, but his words were indistinct. The six men who had held him raised his body on the board and with great effort succeeded in getting him upon the scaffold. There he was placed upright while four men stood on the four sides of the trap and held him. In less than two seconds after the condemned man had been fastened the trap was sprung. This was at 9:49. Nordstrom was pronounced dead at 10:02.

A CELEBRAED CASE.

The Nordstrom case is a celebrated one, having been fought back and forth in the courts for nine years. During that time the condemned man has managed escape the gallows several times for one reason or another.

Nordtrom worked during the fall of 1891 for Thomas Mason, a rancher, near Cedar Mountain, in this county. He had a dispute about the amount of wages due him. The sum involved was $3.85.

On the night of the murder, William Mason was sitting down to supper with his father. Some one fired a shot from outside the window. Young Mason pitched forward and died in a short time. The ground showed the prints of the murderer's feet as he stood beside a fence corner and rested his rifle on the top rail. The next day officers took up the chase. The murderer was tracked over a long stretch of country.

Several days later Nordstrom, with a Winchester rifle of the same calibre with which the victim was murdered, was arrested on the railroad track near Cedar Mountain. He told conflicting stories. On trial he was convicted. The case was appealed to the supreme court of this state, which refused to grant a new trial. Colonel James Hamilton Lewis became associate counsel in the case. He fought the case in the federal court on a writ of habeas corpus, which was denied. He carried the matter to the supreme court of the United States and lost his case. He then went to the superior court of King county and asked for a commission of physicians to examine the mental condition of Nordstrom. This was granted. The doctors pronounced the man sane. He then demanded a jury trial as to Nordstrom's sanity. The superior court denied this. In the supreme court of this state Lewis' appeal of the question was overruled. Lewis carried this to the supreme court of the United States and he also applied to court for a writ of habeas corpus on the strength of the insanity proceedings. The federal court refused the writ. Lewis carried this to the supreme court of the United States. He was overruled in both cases. Since that Lewis has applied to the federal and superior courts for a stay of proceedings and the litigation has lasted two years. Lewis last night, in spite of his announcement the other day that he had left the case, was in the city looking for a writ of prohibition from some supreme court justice. The governor had refused to interfere.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Nell, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health.

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

LABOR LEADERS IN CONCLAVE

(Continued From First Page.)

yesterday, but it was later decided to postpone resumption until Monday.

The strikers claim that the delay was caused through the failure of the management to get a sufficient number of skilled men to operate it. Officials of the company deny this, however, and say arrangements have been perfected for the operation of the entire plant next week.

TIN MILLS RUNNING.

The Star tin plate mills, which started up yesterday afternoon, was running two mills full and more men are expected in a few days, when the manager says the other departments will be started up. There was no disorder about the works, the strikers remaining away from the mill property. About fifty machinists, bricklayers and helpers were working at the Pennsylvania tube plant, which was the scene of disorder early in the week, but there was no trouble. Magistrate McGarvey's announcement that the strikers would not be permitted to interfere with the men at work, or congregate on the streets, has had the effect of keeping the men at their homes.

STRIKERS CAUTIONED.

Cards of caution were distributed among the men loitering in the vicinity by Organizers Fred L. Schwartz and Cal Wyatt, of the Federation of Labor, while two interpreters worked among the foreigners explaining that disturbances were injurious to their cause. Four policemen were on duty at the mill throughout the day and aided in the missionary work.

Some excitement was occasioned last night at the Demmler mills of the American Tin Plate company, in lower McKeesport, by a report that a car load of strike breakers were to be unloaded at the works. Where a few minutes before there had been scarcely a picket in sight, crowds sprang up as if by magic, and every preparation was made to resist the invasion of foreign workmen. However, the men were not strike breakers at all and passed by Demmler without stopping. After that the crowd melted away.

SOME DESERTIONS.

Advices from Martin's Ferry, Ohio, are that the strikers have discovered that at least three members of the union have been won to the side of the employers, and they will probably take a hand in starting the Canal Dover tin plate mill.

All are skilled men and they are being closely watched. The strike is beginning to be felt in the coke regions. Last week, with few exceptions, the plants throughout the region ran but five days. The result was a slump in production of over 17,000 tons. This week it is said it will likely be still lower. Some of the smaller plants are scheduled for a four days' run. The western shipments, which had not suffered any from the strike last week, were curtailed in anticipation of a shut down of the steel plants in that territory that first refused to strike and then reconsidered their action.

STRIKERS ARE RIOTOUS.

Philadelphia, Aug. 23.—A special to the Evening Telegraph from Pittston, Pa., says:

A second riot occurred at the Sterling silk mill this morning, more serious than a clash which occurred last night, and the howling mob now surrounding the mill threatens to enter it by force and drag the non-union girls from the looms. When the strikers arrived at the mill this morning long before daylight they were provided with stones and other weapons. The first object of attack was a small Italian settlement near the mill. The non-union girls in last night's riot took refuge in these houses and escaped from the strikers' crowd. There was a clash with the Italians this morning.

Later when the non-union workers arrived a volley of stones met them. The mill is in operation, but serious trouble threatens before nightfall.

REPEATS CHARGE ON HOWISON.

Boston, Aug. 23.—Francis O. Frost, of the Boston Evening Record, who in 1898 was a reporter at the Boston navy yard, makes affidavit to an interview with then Commodore Howison, at that time commandant at the navy yard, in which he says:

"Commodore Howison also said that Sampson was held in much higher regard among naval officers than Schley was; that Sampson was a cool, brave, intelligent strategist, while Schley was not as competent; that Schley was inclined to be hot-headed and not as able a leader as Sampson; that at the naval academy Schley had not been held in as high regard as Sampson.

"The exact words used by Commodore Howison in expressing these ideas I cannot recall, but the substance of what he told me I have given accurately. The whole tenor of what he said was that Sampson was generally superior to Schley as a man and as a naval officer."

Frost, in his affidavit, says he cannot remember the exact date of the interview, which was not printed at the time, but said it was between July 4 and July 23, 1898. They were alone in the office when the conversation took place, and Frost asserts that this talk influenced him in the editorials he wrote when he became editor of the Lawrence (Mass.) Daily Eagle a few months later, and that it was not until he learned that Admiral Howison was to sit in judgment on Admiral Schley that he told about this interview.

THE FRANK DRY GOODS CO.

AVERTS A STRIKE.

Fall River, Mass., Aug. 23.—In the face of the effort of the Fall River cotton manufacturers to cut wages 15 per cent. or to curtail the product, Matthew C. D. Borden yesterday bought 200,000 pieces of print cloth at 2½ cents a yard for immediate delivery at his American printing works, the largest in the world. His orders were secretly placed early yesterday, when the quotation was 2 7-16 cents a yard. As soon as his orders were publicly announced the quotation jumped to 2 9-16 cents and the market became firmer than for weeks. Mr. Borden's immediate profit is one sixteenth of a cent on more than 10,000,000 yards of cloth in a rising market. Besides that, he has killed all talk of a wage reduction or curtailment. About a year ago Mr. Borden executed a similar coup in Fall River, cleaned up the market, made several hundred thousand dollars and prevented a wage reduction, which was then, as now, his principal object in making such heavy purchases.

LIQUOR SELLER FINED $7,500.

Topeka, Kas., Aug. 23.—George Klauer, a "jointist," yesterday received the most severe penalty for violation of the prohibitory law ever visited upon an offender during the twenty-one years since the constitutional amendment was adopted. Justice Disney fined Klauer $7,500, sentenced him to 1,350 days in jail and placed him under $10,000 bond to appear in the district court. He was found guilty on fifteen counts. Assistant Attorney General Redden, who appeared for the state, will get $20 on each count, or $300, from the state treasury.

THE KNIGHTS' OUTING.

The crowd that went to Rome City on the Knights of Columbus excursion yesterday spent a most enjoyable day in spite of the occasional heavy rains. The athletic sports were very exciting. The boat race resulted in a tie between Theodore Dodane and John Parnin. Thomas McArdle won the swimming race, the prize being a pair of trousers given by G. B. Grimme. Mr. McArdle was also the winner of the running race in the water. The prize was a pair of shoes donated by M. App & Sons. The ladies' fifty-yard foot race was won by Mrs. John Woulfe, the prize being five pounds of bon bons given by A. C. Aurentz. The girls' foot race was won by Genevieve Mungovan, the prize being five pounds of bon bons donated by A. Christen. There were but two entries for the tub race, which was won by Frank Hogan. The prize was a box of cigars given by C. T. Tripplet. The fishing contest was declared off on account of the rain.

IN THE JUSTICES' COURTS.

Charles Stanger Thursday evening plended guilty to assault and battery on his mother, Sarah Stanger, and paid a fine of $15. The Sentinel Thursday evening inadvertently stated that James A. Wise, who filed the affidavit, was the defendant. Mr. Wise is the son-in-law of Mrs. Stanger.

Justice Rayhouser Thursday acquitted M. Baltes and R. L. Romy of the charge of maintaining a nuisance on Spy Run avenue. The suit was based on the failure of the defendants to keep certain lots free from weeds, as required by the state health laws.

Justices France was called up by telephone this afternoon by Tomlson, the Garrett undertaker, who is under bond to appear in court tomorrow morning to answer to a charge of violating the health laws in receiving the body of Charles Campbell for interment without first having procured a permit, asking for a continuance of the hearing. With the consent of the prosecutor the case was continued until next Thursday, provided a new bond is filed in the justice's court by the time the case is set for hearing tomorrow. Otherwise an attachment will be issued and the bond forfeited.

A MAN

Who bought a bill of goods of us yesterday, the most of which he bought at half price, said to us: "I can see now why your stock is always free from old goods—you clean up your stock at the end of each season." He was right. The reason we are doing the clothing business of Fort Wayne is because we give our trade nothing but new goods at the beginning of each season.

INTELLIGENT MEN

FOR $10

Here is something worth considering. We have a fine line of men's and young men's $15 suits in Cheviots, Worsteds and Cassimeres. These are nearly all dark patterns, the pants are cut in the latest style, the coats are hand padded, have hand felled seams, hand felled collars and all hand button holes. In fact all the hand work that any tailor would put on a coat. These suits would look reasonable in any other store aside from ours if they were marked $18. There is from one to four suits of a line left and they go in our great sale at $10. Every man's and young man's fancy suit is cut 1-3. The plain blue and black goods are discounted 10 per cent. Don't let this chance to get a fine fall suit slip by without your attention.

USE

MILLIONS of Women Use CUTICURA SOAP, assisted by Cuticura Ointment, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women and mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and baby soap in the world.

Complete External and Internal Treatment for every humour,

Cuticura THE SET Consisting of CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA OINTMENT, to instantly allay itching, inflammation, and irritation, and soothe and heal; and CUTICURA RESOLVENT, to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly skin, scalp, and blood humours, with loss of hair, when all other fails. Sold throughout the world. British Depot: F. NEWBERY & SONS, 27 and 28, Charterhouse Sq., London, E. C. POTTER DRUG AND CHEMICAL CORPORATION, Sole Props., Boston, U. S. A.

THREW UP HIS CONTRACT.

(Hartford City Times.)

City Engineer Harley yesterday threw up his contract of surveying and leveling the right-of-way of the Fort Wayne, Hartford City and Muncie electric railway between that city and Montpelier. The Cleveland engineering firm to whom was awarded the general contract for the construction of the road, wanted too much for their money, and Billy couldn't see it that way.

The applications for removing the trials of the Tammany politicians state as the real reason that they cannot get a fair trial in New York, but there are strong suspicions that the real reason is they fear that they will get a fair trial.

So long as the other nations of the earth keep more men behind the gun than behind the plow than does Uncle Sam, just so long will the United States have a surplus of food to sell to the hungry peoples who still go on trying to delude themselves into thinking that they can keep fat on gunpowder.

According to General Kitchener the Boers are whipped, but do not know it. Hence, he says, their struggle, which some may consider patriotic, no longer deserves that designation. Nevertheless, the war goes on, with an estimated number of 11,000 Boers in the field. If British proclamations and opinions had been potential with the Afrikanders they would have laid down their arms long ago. But they evidently believe that a war is never over until the fighting is over, and, regardless of what General Kitchener thinks, they will probably go right on surprising British posts and doing other unpatriotic things for some time to come.

M. Worth and other celebrated man milliners of Paris will have melancholia when they learn that Queen Alexandra has requested the ladies of the British aristocracy to have their gowns for the coronation ceremony made of British materials, as far as possible, and embroidered by British workmen. Her majesty is a patriotic lady, and her idea of patronizing home industry is a worthy one; but Paris will suffer for it.

Another Alabama sheriff has just held off to a standstill a mob of whites who were bent on lynching a negro. With a small force of deputies he kept the mob at bay and incidentally to prove that he meant business and was not bluffing in his attempt to protect his prisoner he pumped cold lead into several of the mobbists. This shows that in most, if not all cases, a courageous officer, fully determined to perform his duty, can prevent lynching of a prisoner confided to his keeping. Another point of interest and importance is that in Alabama a recent law makes the sheriff responsible for the safety of his prisoners. The fact that within a few weeks two Alabama sheriffs have defeated the intentions of mobs of lynchers is fairly good proof that there is great merit in such a law.

Statistics on marriage and divorce in Indiana have just been issued by State Statistician Johnson. With nine counties missing, the total number of marriages for the year ending June 30, 1901, was 24,007, and the number of divorces for the same period was 3,009, or 12.5 per cent of the marriages. The figures for the year ending June 30, 1900, when all but two counties reported, were: Marriages, 27,051; divorces, 3,864, or 14.2 per cent. of the marriages. Even with the missing counties supplied, it is probable that some improvement in the matter of divorces would remain. In Allen county the showing is not consoling. For the year ending June 30 there were 670 marriages and 119 divorces, the latter amounting to 17.6 per cent. of the marriages, whereas for the year ending June 30, 1900, the marriages numbered 710 and the divorces 110 or but 15.5 per cent. of the number of marriages. There is a gain of 2.1 per cent. for divorces in the year ending June 30. This is a bad exhibit. Something is wrong somewhere when out of every six marriages one divorce can come.

It seems to us that the only proper course open to Admiral Howison is to decline to serve on the Schley court of inquiry. It is charged that in an interview three years ago he gave expression to opinions that denoted him a warm partisan of Admiral Sampson and anything but an admirer of Admiral Schley. Recent publication of the statements made by Admiral Howison in that interview caused the counsel of Admiral Schley and the admiral himself to request that the purported interview be submitted to Admiral Howison for his pronouncement upon the correctness of the things set forth. This request has been denied by the navy department, and unless Admiral Howison voluntarily asks to be relieved from duty on the court he will doubtless serve. If Admiral Howison made the statements attributed to him he is morally disqualified for service on the board. If he did not, he ought to say as much. Admiral Schley and his counsel, as well as all persons interested in a fair hearing of the merits of the Sampson-Schley controversy have a right to demand that Admiral Howison plead to the charge made against him.

FRANCE AND TURKEY.

The international situation created by the reported severance by the French ambassador at Constantinople of diplomatic relations with Turkey appears to be serious, although it is probable that, when crowded to the wall, the sultan will throw up his hands and accede to the demands of France rather than incur the risk of war with that power. Abdul Hamid knows as well as any other man in Europe that his position is a most precarious one, and might become proximately dangerous where he to become involved in hostilities with any first-class power, and particularly with the alley of Turkey's historic enemy, Russia.

On that account we can hardly believe that war will ensue. Such an eventuality would stir the continent from end to end. The rival interests and ambitions of Austria and Italy in the Balkan peninsula would appear violently in evidence, and Russia might be expected to strike one more blow to place the cross on the old church of St. Sophia in Stamboul. Probably the sublime porte will compromise the difficulty arising from its first promising to pay for the French quays at Constantinople and then refusing to do so in offensive language, by an apology and fresh promises, that being its habit.

UNIQUE DINNER PROPOSED.

Wabash, Ind., Aug. 23.—Robert Ridgway, a pioneer of the vicinity of Amboy, has planned an old-time log-cabin raising and log-rolling, with a corn dodger dinner, to which the old settlers of Wabash, Miami, Grant and Howard counties will be invited, on the 30th inst. There will also be other evidences of pioneer days, such as flailing of wheat, picking wool, carding wool, spinning, baking corn dodgers and rocking the babies in a sugar trough. Every person over 70 years attending the rolling will be given a dinner free of hog and hominy and corn bread and milk. Mr. Ridgway will give cash prizes aggregating $100 for building first and second corners of cabin-making, stick chimneys, old-fashioned wooden hinges and other work of pioneer days. A multitude of other prizes are offered by him, among which is a $10 prize for the best four-minute speech, and $15 for the best three-minute speech. The entertainment is suggested by Mr. Ridgway without hope of reward.

C. A. Wilding, N. D. Donghman, H. J. Miller and J. H. Goshorn leave at 5 o'clock this evening for Hamilton, Ind., to look over the property of the Fort Wayne Water Power company. It is likely the property will soon be placed upon the market and before this is done it will be put in first-class shape.

JEFFERSONVILLE MARRIAGE ARTISTS RETIRE.

ENDS INDIANA GRETNA GREEN

ATTORNEY GENERAL STOPS AN ILLEGAL CUSTOM.

GENERAL NEWS OF THE STATE

HAPPENINGS IN THE REALM OF HOOSIERS.

Jeffersonville, Ind., Aug. 23.—Yesterday marked the death of Jeffersonville as the Gretna Green of Indiana. Attorney General Taylor acted as executioner. He sent Clerk Carr emphatic notice that no more marriage licenses must be issued when the woman applicant lives beyond the borders of Clark county, and the order was at once put into force.

At New Albany County Clerk Charles B. Scott, of Floyd county, gave an example of obedience. He refused marriage licenses to six couples who had traveled from the interior of Kentucky to marry, doing so because the young women had not been residents of Floyd county for thirty days, as required by the statutes of Indiana.

"It makes little difference to me what is done about the marriage law," complacently said Magistrate Hause, of this city. "I am well enough fixed. I expect to go to Europe in a short time to spend six months. I shall keep my matrimonial signs up, for it will advertise my business."

James Keigwin, son of the late Ephraim Keigwin, who married 10,000 couples, stated that he expected to take down his matrimonial sign.

COLORED MASONS ELECT.

Anderson, Ind., Aug. 23.—The grand lodge of colored Masons in Indiana adjourned last night, after electing the following officers: Grand master, D. W. Caine, of Seymour; deputy grand master, R. F. Taylor, of Jeffersonville; grand senior warden, P. C. Terrill, of Mt. Mitchell; grand junior warden, Walter Russell, of Wabash; grand secretary, F. D. Blake, of Terre Haute; grand treasurer, Charles Lanier, of Indianapolis; grand lecturer, H. V. Eggleston, of Bloomington; grand chaplain, Henry White, of Muncie. The next meeting will be held at Crawfordsville on the third Tuesday in August, 1902. The grand lodge indorsed Mr. Eggleston's plan for a colored industrial school, and he was elected grand lecturer in order that he might travel at the expense of the grand lodge and promote his colony plan. Andrew Carnegie promised by letter to aid the colony.

YOUTH COMMITS SUICIDE.

Richmond, Ind., Aug. 23.—Lee Stimmel, aged 15 years, son of Mark Stimmel, agent of the American Express company, shot himself in the right temple yesterday morning with suicidal intent. He lived only a short time. No cause is known.

DROWNED IN A WASH TUB.

Crawfordsville, Ind., Aug. 23.—The 2-year-old daughter of Mr. and Mrs. Elva Clark, of Ladoga, was drowned yesterday by falling into a tub of water during the temporary absence of the mother. Mrs. Clark found the child when life was scarcely extinct, and seizing her daughter in her arms she held her to her breast, refusing to release her to those trying to resuscitate it. The child was finally taken away from her by force, but all efforts to revive it failed.

TRACED BY A LOVE LETTER.

LaPorte, Ind., Aug. 23.—Thomas B. Williams, of Muskegon, Mich., is under arrest, charged with stealing the jewels of Miss Marie Rosenthal, of this city. Williams was apprehended in an unusual manner. In robbing a house, after stealing Miss Rosenthal's jewels, he dropped a letter from his sweetheart, living near Muskegon. Williams was traced by this letter, it furnishing the only clew. The jewels found on Williams have been identified by Miss Rosenthal.

BANKER KEY'S METHODS.

Wabash, Ind., Aug. 23.—Receiver Wilkerson, of the Commercial bank, at Andrews, wrecked by James Key, has uncovered a bunch of forged papers amounting to nearly $3,000, held by the American Trust and Savings bank, of Chicago, as collateral for money advanced to Key. There are six of these notes, ranging in amounts from $410 to $618. It develops that on these notes Key borrowed $1,632. The receiver thinks this is only a starter, as it is believed the Chicago bank took a considerable amount of the forged paper and furnished Key the cash to do business on.

Mr. Wilkerson has also found that there are fifty-seven persons who had balances in the bank when it failed, and twelve persons who had overdrawn their accounts. S. J. Leedy, who is defendant on a $300 note executed to Key, and assigned to the Capital National bank, of Indianapolis, as collateral, says his note is genuine, but as he had a balance in the bank, he wants the benefit of the offset. He says that he had no knowledge that Key assigned the note to the Capital bank, and he also declares that he paid the interest, though no interest credits are on the note.

FOUND HUSBAND DEAD.

LaPorte, Ind., Aug. 23.—Mrs. Jos. Pyrkoski and two children have arrived at Michigan City from Poland, only to learn that the father of the family is dead. He came to this country one year ago, and saved sufficient money to send for his wife and children. They left home a month ago, and three days before they started Pyrokski was drowned in Lake Michigan.

DEKALB COUNTY TEACHERS.

Auburn, Ind., Aug. 23.—The DeKalb county teachers' institute begins August 25 and closes five days later. The speakers will be D. W. Dennis, of Earlham college; Prof. W. E. Smyser, of Delaware, Ohio; Mrs. Mary Ehlers, of this city, and J. E. Woodland, of Wooster, Ohio.

ORDERS SLAUGHTER OF CATS.

Hartford City, Ind., Aug. 23.—Seventy-six cats were killed in one day this week and the board of health has issued an ultimatum to the effect that every feline in the town must be ruthlessly slaughtered. Th theory of the health board is that cats carry the diphtheria germs from house to house in their fur.

THE TAX BOARD'S DECISIONS

FIX ASSESSMENTS OF CORPORATIONS IN INDIANA.

Many Corporations Fare Well at the Hands of the Board—What the Reductions Are.

Indianapolis, Ind., Aug. 23.—The state board of tax commissioners completed the business of the session of 1901 yeterday. The board has during these ten days considered a very large number of appeals from the assessments as fixed at its first session. These appeals have been on all classes of property considered by the board and have been vigorously prosecuted by those interested in the assessment. The changes made by the board as fixed at the first session are as follows:

STREET CAR COMPANIES.

Broad Ripple Traction company, changed from $15,000 per mile main track to $7,500 per mile.

Indianapolis street railway, changed from $35,000 per mile to $30,500.

The Indianapolis, Greenwood and Franklin railway company mileage on incompleted track, changed from ten and a half to eight miles. In all other respects the assessment to remain as fixed by the board at its first session.

New Albany street railway company, changed from $22,500 per mile main track to $15,000 per mile.

Kokomo Railway and Light company, changed from $10,000 per mile main track to $8,000 per mile.

Madison Light and Railway company, changed from $5,000 per mile main track to $4,000 per mile.

Richmond Street and Interurban railway, changed from $10,000 per mile main track to $8,000.

Lafayette street railway, changed from $12,000 per mile main track to $7,000.

Logansport street railway, changed from $10,000 per mile main track to $7,000.

Evansville street railway, changed from $12,000 per mile main track to $10,000.

John S. Crump electric railway of Columbus, changed from $7,000 per mile main track to $4,000 per mile, and from $600 per mile rolling stock to $250 per mile.

STEAM RAILROADS.

Grand Trunk and Western, changed from $35,000 per mile main track to $34,000.

Chicago, Indianapolis and Louisville, main track of the Michigan City division changed from $16,100 per mile to $13,100 per mile. Side track of the main division and of the Michigan City division, 137.22 miles altogether, changed from $3,500 to $3,000 per mile.

Chicago and Southeastern railway, main track changed from $10,000 per mile to $8,000 per mile.

New York, Chicago and St. Louis railway, changed from $32,500 to $32,000.

Chicago, Indiana and Eastern, changed from $8,000 per mile main track to $7,000 per mile main track.

Southern Railway company of Indiana, changed from $16,000 per mile main track to $15,000 and from $10,000 per mile second main track to $8,000 per mile.

Indianapolis Union railway remains as fixed by the board at its first session.

TELEPHONE COMPANIES.

Otterbein telephone company, from $40 per mile to $35.

Monon telephone company, from $60 per mile to $50.

Prairie telephone company, from $90 per mile to $80.

Jasper County telephone company, from $50 per mile to $45.

Crown Point telephone company, from $100 per mile to $75.

Richmond Home telephone company, from $175 per mile to $130.

North Vernon and Vernon telephone company, from $2,000 per mile to $1,500.

Noble County telephone company, from $200 per mile to $100.

Dubois County telephone company, from $50 per mile to $25.

North Manchester telephone company, from $40 per mile to $35.

Lafayette telephone company, from $100 per mile to $85.

The Home telephone company of Wabash was assessed for thirty-seven miles at $500 per mile, instead of twenty-five miles at $800.

Winchester telephone company, assessed at $140 per mile instead of $200 per mile.

Eastern Indiana telephone company, assessed at $40 per mile instead of $45.

Western Union telegraph company remains as fixed by the board at its first session—$62 per mile.

The New Long Distance telephone company also remains as fixed by the board at its first session.

The American Telephone and Telegraph company also remains as fixed by the board at its first session.

GAS COMPANIES.

Kirklin Brothers, from $60,000 to $45,000.

The Southern Indiana Gas company is assessed at $1,541.

The Manhattan Oil company is assessed at $28,886.

The change in the latter company is owing to a mistake made at the first session in considering property belonging to the company and located in the state of Ohio.

The assessments of the National express company and the American express company remain as fixed by the board at its first session. The assessment of the Wells-Fargo & Co. express company is changed from $100 per mile to $100.

FATE OF BOER LEADERS.

London, Aug. 23.—A Pretoria dispatch gives some interesting statistics of Boer leaders. Of the members of the government executive board only Schalk-Burger and Reits are in the field. General Joubert is dead, General Cronje is a prisoner and General Kock was killed. Out of twenty-seven members of the first volksraad thirteen are accounted for. Bernard, Labuschagne and Malan have been killed. To Sergeant Merritt, of the Bedfordshire regiment, was awarded a medal for killing Malan, who was sniping at Magliesburg in June. Merritt stalked him four miles before he succeeded in shooting him. Tosen is dead. Wolmarans is a prisoner. Eight members of the first volksraad have surrendered. About half of the members of the second volksraad are accounted for. All the heads of the state departments are accounted for except Smuts. Three of them are in Europe, two are prisoners and four have surrendered. The judge are all accounted for. Seventy-five per cent. of the subheads of departments are accounted for.

AT WINONA LAKE.

Warsaw, Ind., Aug. 23.—Yesterday was a very busy day at the Winona Bible conference, religious services and meetings being held almost hourly. The attendance yesterday as 5,000, the largest during the session. A pastors' conference was held in the morning, led by Rev. E. F. Hallenbeck, Albany, N. Y., following which came a devotional service conducted by Dr. Cornelius Woelfkin, of Brooklyn. Rev. James M. Buckley, editor of the Methodist Christian Advocate, New York, gave a forenoon lecture, which was followed by a powerful address on "Church Policy" by Rev. George T. Purves, of New York.

The afternoon was devoted entirely to foreign missionary matters. An address by Rev. J. Balcom Shaw, New York representative of the Presbyterian board of missions, was followed by an interesting description of "Life in the Jungles of Africa" by Rev. Willis Hotchkiss, attache of the Friends' mission in Africa, who has spent many years in the mission field there. The hillside service was conducted by Rev. Sam Jones. The Scottish evangelist, Rev. John McNeil, Glasgow, delivered a powerful address last night.

Action was taken looking toward making Winona the permanent meeting place for church conventions of all denominations in the United States.

In addition to the spiritual feasts enjoyed by the ministers and families attending the Bible conference, the social life is at its best. There are Scotchmen who take great interest in golf. Next to that lawn tennis seems to be the favorite. Daily excursions are made by the steamer and the bathing is excellent.

Mrs. L. H. Schmoe, off 111 Baker street, is able to walk about the house and is making progress towards recovery from an illness which threatened serious results a few days ago. She will soon be as well as ever.

Mackintoshes and rubber coats discounted 25 per cent during our eleven day sale, which is now going on. $5 coats for $3.75; $10 coats for $7.50, etc.

THE POLICE COURT GRIST

DICK SCHRECK REPEATS HIS OLD EXPERIENCE.

Too Much Load, But Promises to Be Good a Year—General News of the Police.

At police court this morning Dick Schreck, after a long absence, greeted the judge and the reporters with the same smile and the same old-time suavity that has been his characteristic for years. He said he got a little too much beer aboard yesterday and it kind o' hung to him until this morning, when Officer Paul picked him up. Dick made an eloquent plea for liberty and said he would be good for a whole year if allowed to go this time. The judge assessed a fine of $5 and costs, but suspended judgment to the delight of Dick, who bowed himself out of court like a waiting maid at a queen's reception.

Henry Freary, arrested on Butler street, was slated for drunkenness. He admitted the charge. He said he formerly lived in Fort Wayne and later in Huntington, but had recently been in the soldiers' home in Marion. His wife came here and, he being informed that she was suing for divorce, he came to this city to persuade her to abandon such intention. He said he believed relatives of his wife were trying to prevent him seeing her. He located her and tried to effect a reconciliation. He confessed to imbibing too many beers in his search about town. He was fined $1 and costs, which was suspended by Judge Louttit in consideration of Freary's promise to drink no more, transact his business and get out of town. Freary was well dressed and gentlemanly. His wife is well connected here.

To show how good he could be when devoting himself exclusively to that kind of a stunt Freary went out and accumulated another "jag" that was a thing of beauty and a joy forever. Before noon he was rearrested and docked up. He will have another hearing in the morning.

Sergeant Phipps went to 214 East Wayne street last night to locate a lot of burglars or something of that kind who were supposed to be prowling around there. A thorough investigation failed to reveal any prowlers of any kind.

A commercial traveler named L. B. Woods, reported to the police that he had lost a pocketbook containing two $10 bills and two mileage books made out in his name. The finder will kindly report to police headquarters.

An alarm from box 46 called the department to the residence of John Suelzer, at 420 south Hanna street, where some rubbish had caught fire. No damage.

PLANS TO FLY TO NEW YORK.

Bridgeport, Conn., Aug. 23.—Gustave Whitehead, the inventor of the flying machine, who recently flew half a mile successfully, is now engaged in constructing a new machine, in which he proposes to fly to New York. He said:

"My success in flying with the first model, which is rough and cumbersome, has induced me to build another machine, which will be larger and strong enough to carry two men. I shall fly to New York on my next trial. I am confident that I can fly that distance with my new machine. I will then have my new acetylene-chemical pressure generator ready. I can carry enough calcium carbide, which is the fuel used, to fly for twenty hours. That is more than enough to fly to New York with. My present machine I am going to take to Atlantic City to exhibit and shall demonstrate its practicability there as being able to carry a man."

Inventor Whitehead has received scores of letters since the articles on his successful flight were published from scientific men in all parts of the country, asking all sorts of questions and for descriptions of the machine. He has two expert machinists now working on the new machine and money will not be spared in making it the acme of lightness and strength.

ABOUT THE CITY HALL.

New cases of scarlet fever have been reported from 187 Taylor street and 41 West Washington street.

Complaint is made of the execrable condition of a number of plank crossings in the west end. The drought dried them out completely and now the rains are having fun with them by curling them up at each end, making them not only inconvenient but unsafe and dangerous.

The finance committee will meet next Monday night pursuant to adjournment last Monday night to hear those residents of Bloomingdale who object to footing the entire bill for the opening of Fourth street. Sentiment regarding the matter is very strong in favor of the opinion of the minority of the committee, and it is not unlikely that the committee will report in favor of allowing the appropriation asked for.

ABOUT THE COURT HOUSE

Next Monday will be the last day of the April term of the superior court.

William Lauer was married a day or two ago and after the ceremony took his father's horse and buggy and started out with his bride to have a good time. Lauer, senior, became indignant and notified the sheriff. Last evening Deputy Sheriff Huguenard found Lauer at New Haven and told him he had better return home at once with the driving outfit, and to the credit of the young man it is proper to state that he was not drunk and gave no evidence of excessive drinking. He explained to the deputy that he had just been married and did not know where to go to if his father was after him. The deputy accepted his promise that he would return home at once and in the meantime volunteered to try to conciliate Lauer, pere. Mr. Huguenard interceded for the young man and shortly after 6 o'clock last evening, according to the agreement, he drove to his father's residence, where he was received with open arms and is now comfortably fixed with his bride. From all accounts there was nothing disreputable in the young groom's conduct at any time, although it was rather unusual.

Mrs. Louis Schirmeyer, wife of Trustee Schirmeyer, is at Rome City for a week or two. She is accompanied by her son, Louis, junior.

Leah E. Bayless has commenced proceedings on a note against Henry C. Taylor et al.; demand, $125.

Burt Smith, marshal of Woodburn and Sheriff Stout's special deputy, has instituted suit in the circuit court charging William Gernhardt with assault and battery, said assault being alleged to have been committed on the 27th of July. The defendant is better known as 'Squire Gernhardt, and is the gentleman who several months ago ate holes in a fellow's face at Woodburn during a scrap. Smith says the doughty little 'squire used him up pretty badly, for which he wants damages in the sum of $1,000.

Charles Dennis, the young man bound over to the circuit court several days ago to answer to the charge of stealing a bicycle at Nine Mile, was released from jail this afternoon. Herman Felts became his bondsman in the sum of $100.

The county commissioners this afternoon entertained John Katzenbarger, chairman; M. J. Korn and Alex. Mentzer, jr., constituting the board of commissioners of Van Wert county, O. The Ohio commissioners were here to consult with the local board concerning a joint ditch between the two counties on the state line.

August C. Penningroth has commenced action against Henry Dreyer et al., asking for the appointment of a receiver for the purpose of collecting rents in which all the parties have an interest.

The superior court is today occupied in hearing the case of Maggie S. Wishart vs. Cyrus K. Fairfield et al. in an action to quiet title.

DIED AT LAFAYETTE.

News of the death at Lafayette of John A. Ries has been received by the relatives who reside in this city. The deceased was married to a daughter of Mrs. Samuel Wurston, of 68 Barthold street, and was known by many Fort Wayne people, who will be sorry to hear of his death. Mrs. J. R. Kretsinger, Mrs. J. F. Rabus and Mrs. Frederick Bierhaum, who are sisters of Mrs. Ries, will go to Lafayette to attend the funeral. Mrs. Wurston is quite ill and will not be able to attend the funeral.

A COTTAGERS' MEETING.

A meeting of Rome City cottagers will be held at Spring Beach hotel on Saturday evening for the purpose of making final preparations for the Venetian night entertainment next Thursday evening. A full attendance of cottagers is requested.

Marion	45	62	.421
Columbus	40	68	.370

Yesterday was an off day in the Western association, the only game played being a postponed one between Dayton and Toledo. By winning it Toledo pushed itself a little further up the ladder, while Dayton dropped a few points further away from Fort Wayne. Nothing short of a miracle can now prevent Grand Rapids from taking the pennant, as she finished her trip abroad on Tuesday and opens for nine games on her own grounds today and plays every game save six at home. Toledo plays nine games at home and finishes abroad, as does Fort Wayne. Wheeling comes here for three games, opening today, and then the team goes away for six games. The club will return a week from Sunday and will engage Toledo on that day and will finish with the Mud Hens in two games on Labor day, after which Marion will wind up the season here with three games. All told, there are but nine more games to be seen in Fort Wayne this year and the players should be encouraged for their uniformly good work by a liberal attendance during the balance of the season. Following is the score of the only game played in the association yesterday:

Toledo, Ohio, Aug. 23.—Hughey held Dayton down to two hits yesterday and the game was won by Toledo by timely hitting. Score:

Toledo ..... 1 0 0 0 1 1 0 0 0—3
Dayton ..... 0 0 0 0 0 0 0 0 0—0

Hits—Toledo, 8; Dayton, 2. Errors—Toledo, 0; Dayton, 4. Batteries—Hughey and Graffius; Coggswell and Blue.

BASE BALL NOTES.

Catcher Byers has been released by Matthews and Flynn is the only member of the old guard left.

"Whitey" Guese has been given his release by Cincinnati and has signed with Wilmot. Sutthoff, formerly of Matthews, has been signed to take his place.

Muggsy McGraw, of the Baltimore team, will be out of the game for several weeks, the result of an injury to his leg. The member will have to be set in a plaster cast.

Scott Hardesty, released by Fort Wayne, is playing in the outfield for Columbus. The Senators will probably be joined soon by Shortstop Carr, recently released by Pittsburg.

Upon the patronage of the closing games here next month Fort Wayne's chances depend largely whether or not this city will be represented in professional base ball next year. With a faster team in a bigger league than last year the attendnce should be five times what it has been lately.

SHAMROCK'S SCHEDULE.

The Shamrocks will leave for Muncie at 5 o'clock Sunday morning, via the Lake Erie and Western.

The Shamrocks will leave for Pierceton at 12:15 Tuesday noon, via the Pittsburg.

The Fort Wayne fans will have an opportunity of seeing Fort Wayne's crack semi-professional team at League park on Saturday afternoon, Aug. 31, when the Shamrocks will meet the newly organized Library Hall Athletic association team. The Library Hall team is composed of good material, among whom are Fred Stahl, a brother of "Chic" Stahl, and Harry Hogan, one of Notre Dame's fast twirlers.

THE MARKETS.

Chicago, Aug. 23.—Wheat was quiet and easier during the fore part of the session today owing to the weak tone of the Liverpool markets and liberal receipts. September opened ½c to ⅝c lower at 70⅛c, rallied to 70@70⅜c on covereing and eased off to 70⅛@70⅛c on local selling. Local receipts were 146 cars, 11 of contract grade; Minneapolis and Duluth reported 566 cars, making a total for the three points of 712 cars, against 442 last week and 743 a year ago.

September later broke to 70c on liquidation and short selling and closed weak, ⅜c under yesterday, at 70@70⅛c.

Corn was weak largely on heavy exports from Argentina. September opened a shade down at 56¼, touched 56⅛@56⅜ and declined on liquidation to 55⅝c. Receipts were 279 cars.

The close was weak, September 1⅛c down at 55@55⅛c.

Oats were dull and easy with corn. September opened a shade higher at 35c and sold to 34⅛c. Receipts were 244 cars.

Provisions were dull and lower with corn. January pork opened 5c higher at $15.50 and sold to $15.45; January lard unchanged at $8.80, selling to $8.75, and January ribs 2½c lower at $7.92½.

THE DAY ON WALL STREET.

New York, Aug. 23.—There was a lively opening in Amalgamated Copper, 5,000 shares selling at 120 to 119½, compared with 119 last night. United States Steel rose ⅜. The majority of stocks showed small net gains. The market showed considerably more animation than for some time past.

Decided strength developed in some coal stocks, especially the Erie, Delaware and Hudson, Reading second preferred, Wheeling and Lake Erie first preferred and Baltimore and Ohio issues, which rose 1@1¾. Their strength permeated the general market somewhat, but Union Pacific was the only principal stock which made any notable advance. Wisconsin Central preferred, Chicago, Indianapolis and Louisville preferred and Colorado Southern second preferred also improved strongly. Baltimore and Ohio later ran off 1¼ and there was some pressure against St. Paul which affected the entire market. The United States Steel stocks were more active, and the common ruled at top figures. The preferred gained ⅛ and eased off.

A large demand for Union Pacific and Southern Pacific arose which checked the dropping tendency of prices, and the entire market rose strongly. Top prices were made for the leading grain carrying roads, and the Southern and Southwestern stocks were also heavily taken. Trading was in larger volume than for several weeks and the improvement carried many prominent railroads and specialties from 1 to 2 points above yesterday's close. The United States Steel stocks did not gain proportionately with the general market, but held firm.

The rise extended into the noon hour, carrying Union Pacific 2¼ over last night. Others of the Pacific and Southwestern group advanced 1 to 2. Tennessee Coal, American Smelting, Rubber goods and the Chicago Terminal stocks were 1 to 1¾ higher. There was then some reaction.

The buying became very prominent and all classes of stocks advanced still further. Tennessee Coal made the extreme rise of 3¼, but many railroad stocks were from ½ to 2 points higher. The prospects of a more favorable bank statement than had been generally looked for was an influence. Sugar rose 3 points.

Amalgamated Copper showed renewed strength in the final hour, rising in all 2⅝. Manhattan became prominent with an advance of 2⅜, carrying the other local tractions with it.

Prices wavered at the highest and gave way to profit-taking. Amalgamated Copper and Sugar reacting 4 points. The Pacifics and Southwesterns led a recovery. General Electric jumped 4. The closing was quiet and firm with some stocks at the best.

Bonds were strong.

NEW YORK MARKETS.

New York, Aug. 23.—Flour—Receipts, 17,747 bbls; sales, 4,700 pkgs; state and western market moderately active and steady.

Wheat—Receipts, 149,150; sales, 1,850,000 bu; market dull and easier; foreign and local houses sold, cables were disappointing and northwest receipts liberal. Towards noon it rallied on big clearances. Sept., 76⅞@76¾c; Oct., 76⅝c; Dec., 77⅝@78⅛c.

Rye—Market quiet; state, 55@56c, c. i. f. New York car lots; No. 2 western, 62½c, f. o. b. afloat.

Corn—Receipts, 26,500 bu; sales, 135,000 bu; market opened steady but was weakened by September liquidation and lower cables. Sept., 60⅛@60⅝c; Dec., 61⅝@62⅛c.

MARRIED IN TOLEDO.

(Toledo Blade.)

The marriage of Miss Emma Cohen daughter of Mr. and Mrs. Philip Cohen, to Samuel Bailer, of Fort Wayne, Ind., was solemnized last evening at the home of the bride's parents, on Union street. The little flower girls, Miss Hazel Cohen and Miss Lotta Goldberger, dressed in dainty white gowns, were under a canopy of white blossoms. Rabbi Levin performed the ceremony. The wedding march was played by a string orchestra. The bridal gown was of white tucked mousseline de soie, and with the long veil and carrying a shower bouquet of bride's roses, the sweet bride made a charming appearance. The bridesmaids were Miss Rebecca Levi and Miss Rose Koplin. Samuel Cohen, a brother of the bride, and Joseph Bailer, brother of the groom, were the groomsmen. The rooms were handsomely decorated with palms, ferns and flowers. After the ceremony an elaborate supper was served and Mr. and Mrs. Bailer left for a wedding journey to New York and Buffalo, after which they will be at home at Fort Wayne. The out of town guests were Mr. and Mrs. Bailer, jr., Mrs. Lizzie Goldenberger, a sister of the bride, and children; Joseph Bailer and Moses Bailer, Mrs. Frank Yankelwitch and Miss Lizzie Yankelwitch, all of Fort Wayne; Mr. and Mrs. A. E. Davis, of Grand Rapids; Miss Mamie Dowling, of Boston.

FOUND UNDER CAR

ED DARLING KILLED IN MYSTERIOUS MANNER.

WAS SENT TO FLAG A TRAIN

LATER WAS FOUND DEAD ON A BRAKEBEAM.

PENNSYLVANIA DENIES STORY

HAS NOT LOST CONTROL OF NORFOLK AND WESTERN.

The dead body of Edward D. Darling was found hanging to the brakebeam of a car in the first section of westbound freight train No. 75, at Grovertown, last night. Its presence there is a mystery which will probably never be cleared. Mr. Darling was employed as a brakeman on one of the work trains engaged in making the improvements at Donelson's hill, working with the night gang. Last night he was sent back to flag No. 75, which was due in a few moments, a duty which he faithfully performed. That was the last time he was seen until found in the manner stated. It is presumed that when the train reached him he climbed upon one of the cars and fell to the tracks and was killed. The body was not badly mangled and death was evidently caused by rolling Darling along the tracks. Mr. Darling was 24 years old and unmarried. His parents reside in Etna Green, where the remains were taken today after the coroner had view them and the surroundings. The unfortunate young man had been in the employ of the company only a few months.

SOLD ANOTHER ENGINE.

J. E. Noble, traveling salesman for the Bass Foundry and Machine company, came home from Bucyrus, O., last evening ith a contract for building a 200-horse power Corliss engine for the Kenawha and Michigan Railway company, which is about to install a steam plant at Hobson, O., where its main shops are located. John B. Morgan, the master mechanic of that road, arrived in the city this morning and is now in conference with the Bass officials concerning the engine and some other machinery which will be needed for the plant. Mr. Morgan was formerly a prominent resident of Fort Wayne and will be remembered by all of the older men, particularly those engaged in railway work. He was general foreman of the Wabash shops for a number of years and was also a member of the city council several terms. He will probably call at the shops to see his old friends before he returns to his home.

VENETIAN NIGHT TRAINS.

The Grand Rapids and Indiana company will give Fort Wayne a most excellent opportunity to visit Rome City next Tuesday, Venetian day, and it is quite probable that a very large portion of the population will avail themselves of the opportunity. In addition to the regular trains, there will be five specials, leaving the city at 3, 4, 5, 6 and 6:45 o'clock, respectively, in the afternoon, and returning, leave the resort at 9:45, 10, 10:30 and 10:45 in the evening, giving ample time for viewing the wonderful spectacle that will be given there on that date. The cottagers' committee, which has charge of the exhibition, has issued posters and they were today placed upon the various bulletin boards about the city.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eclectric Oil relieves the pain instantly. Never safe without it.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley street, Saugerties, N. Y.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhoea. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

FORTY YEARS AGO.

The Lagrange Democrat this week reproduces a railway item which appeared in that paper on January 1, 1861, when the road referred to was a mere project, and a very feeble one at that. The item is in the form of an inquiry and answer and is as follows:

"Mr. Editor—Can you inform me through the Democrat what the prospects are of the Grand Rapids and Indiana railroad going ahead?

"Answer—We are not advised that this company is doing anything in the way of progression. Our opinion is, however, that it is a fizzle."

INSPECTING THE NEW LINE.

General Superintendent H. M. Magee, of the Wabash, passed through the city last night, en route to Toledo, where he is today taking notes of the progress made in building the new Toledo-Chicago Wabash line. The company is very anxious to complete this line before navigation closes.

OFFICIALS DENY STORY.

Philadelphia, Aug. 23.—A high official of the Pennsylvania Railroad company stated emphatically today that there is absolutely no foundation in fact for the report that the Gould interests have secured control of the Norfolk and Western. The official added that nobody need worry about the Pennsylvania's position in regard to the Norfolk and Western, as the Pennsylvania has had control for some time and still holds that control.

SHIPPING BOILERS.

The Bass company today sent the first pair of water-tube boilers, on an order for eight, on their way to Terre Haute, where they will be placed in the power plant of the Highland Steel company. These boilers were of 250 and 125-horse power capacity each. Next week two more will leave the Bass shops and the following week the other four boilers will be ready to ship.

GETTING NEW ENGINES.

The engines contracted for by the Wabash company several months ago are now due and will be delivered at the rate of two or three a week until the order has been filled. Twenty-five of them will come to the eastern division and one, No. 622, has already been delivered. It is a ten-wheel passenger engine. In all there are seventeen freight engines of the compound pattern; six passenger engines, three of them ten-wheelers and three of the Atlantic type, and two immense switch engines. All of these are coming from the Richmond locomotive works. With this addition to the power of the eastern division of the road, the Fort Wayne shops, where all important repairs are made, will have about all the work they can handle. It is hoped that by increasing the shop force and by the addition of some improved machinery they will be able to handle the increased business without any trouble. There has been a big increase in the shop force already and new men are constantly finding employment there. A year ago the July pay rolls contained 285 names and this year the pay roll for the same month contains 344 names, an increase of fifty-nine. There has been a corresponding increase in the amount of money distributed among the workmen. Next Monday W. S. Danes will put a gang of men at work in putting in the foundation for three new machines in the shops—a large planer, a boring mill and a drill press. These machines are now en route here. Passenger engine 655, in for light repairs, and freight engine 430, in for general repairs, will leave the shops today and be tested over to the transportation department for service.

INDUSTRIAL NOTES.

Harry Beers, of the electric works, is off duty on account of sickness.

After a ten days' lay-off Nickel Plate Brakeman C. H. Rice is working again.

Tomorrow the Panhandle employes have a field day and athletic exhibition at Columbus, O., and 125 entries in the various events have already been recorded.

Conductor T. Sarber and his family yesterday moved into the house at 128 Montgomery street.

Ernest Elx, who was sick a week, resumed his duties in the Bass blacksmith shop this morning.

A train of twenty-nine cars loaded with beef for export passed over the Nickel Plate last night.

H. Toenges, of the east car shops, and D. B. Greenawalt, of the freight house, are sick and off duty.

F. McNulty, a machinist, and Fred Elliott, a meter builder, are new employes at the electric works.

Conductor M. Cave, of the Pittsburg, is off duty and his run is being looked after by Conductor R. A. McCarthy.

Machinist Walter Adams, of the Bass works, went to Bridgeport, Ohio, last night to set a Bass engine in operation.

A. K. Baker, inspector of new car wheels for the Pennsylvania, is on duty again, after a two days' fishing expedition.

Nickel Plate Engineer J. E. Hughes is taking a lay-off for the purpose of visiting friends in Chicago a few days.

Charles E. Mungovan, son of the well known locomotive engineer, has taken a position as engine crew caller for the Pittsburg.

Mr. and Mrs. G. W. Conklin have gone to Findlay, O., for a week's visit with relatives. Mr. Conklin is a Nickel Plate fireman.

Edward Kern, the father of Nickel Plate Engineer Samuel Kern, was buried in Bellevue today. He died in that city last Wednesday.

George Transue and his son have gone to Buffalo to attend the Pan-American exposition. Mr. Transue is a Nickel Plate switchman.

Nickel Plate Brakeman W. H. Clements will spend a ten days vacation at the Pan-American exposition. He left for that purpose today.

Louis Flaugh, who was at Garrett, and John Rupp, who was sick, resumed their duties in the Pittsburg blacksmith shop this morning.

Charles Jocquel, William Thielke, A. W. Thompson, J. McCarthy and J. H. Arnold, of the Pittsburg shops, are off duty on account of sickness.

Yard Fireman Henry Saynor, of the Pittsburg, has taken a vacation and will probably visit friends in several cities before he resumes work.

Engineer Peter Reilly made his last trip for awhile on Pennsylvania trains 9 and 18 last night. He leaves tomorrow with his children for Erie, Pa., and will not return for two or three weeks.

Ed Lenfesty is rapidly recovering from the pistol wound received several months ago at Muncie. His sight has been destroyed, but otherwise he will completely recover. He is still in the Marion hospital.

Indianapolis Journal: It is reported in railway circles, says the New York Times, that Charles M. Hays has been asked to return to the Grand Trunk railway as vice president and general manager.

Charles D. Porter, who has been spending his school vacation term in the mechanical department of the Pittsburg shops, is preparing to enter Purdue college again and with that object in view has quit the shops.

When Forepaugh's show exhibited at Petoskey, a few days ago, the Grand Rapids and Indiana road carried 18,000 people into that town. The show management said that the attendance that day was the second greatest of the season.

H. J. Donnelly, a Pennsylvania train dispatcher residing in Crestline, is taking his summer vacation. He has been visiting Engineer Denny McCarthy and Machinist William Hosey a few days. He goes to Chicago this evening to spend a few days.

Charles W. Hall, formerly of the Pennsylvania shops in this city, now a foreman at the Wellsville shops, passed through the city last night, en route to Petoskey, where he hopes to receive physical benefit from a sojourn of two or three weeks. Mr. Hall has been in bad health for several months.

Subsequent events prove the threat to remove the Clover Leaf shops from Frankfort to Delphos a huge bluff, inspired by the attitude of the citizens of Frankfort during some labor troubles in the shops there. The company has just installed air-brake testing and repair machinery in the Frankfort shops at a cost of $1,000, which does not indicate any intention of removing the shops in the near future.

W. B. Rooney, a Pennsylvania brakeman, sustained a fractured rib yesterday and will be unable to work for awhile. While in his caboose the air-brakes tightened up with such force that he was thrown against the end of the car with the result mentioned.

William McBennett, machinist at the electric works, has returned to work after an absence on account of sickness.

Nickel Plate Brakeman A. B. Conn, who had been off duty for personal reasons a few days, reported for work yesterday.

Conductor E. B. Hilbish, of the Nickel Plate, was taken sick last night and had to "deadhead" to his home in Bellevue.

J. H. Coff and wife left today for Buffalo to attend the exposition. Mr. Coff is a Grand Rapids and Indiana conductor.

W. H. Tigar resumed his place at the desk in the Pennsylvania trainmaster's office this morning. He had been taking a vacation.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, is entertaining his father-in-law, Mr. D. R. Moore, of Altoona, Pa.

Engineer C. C. Craig and Fireman J. Milner are sick and Firemen H. Hamilton and E. Yates are off duty on account of their wives being sick. The gentlemen are Pennsylvania employes.

During the present week there were repaired and turned out of the Pittsburg shops engines 412, 278, 61, 14 and 241. So far engines 302 and 318 have been taken in for general repairs and more will be sent in tomorrow.

Mrs. Hobrock, wife of Shop Clerk J. H. Hobrock, and children went to Rome City this morning to occupy the Peters cottage a couple weeks. Mr. Hobrock will spend the nights there, coming here each morning to look after office affairs.

Thirty-one Packard organs are being loaded today for shipment to Liverpool, England. This is only one of the many shipments of these organs abroad. They are a favorite with music-loving foreigners and are almost as well known in England as in America.

William Madison, foreman of the lathe department of the Pittsburg machine shop, who has been very sick for several weeks, is now able to walk about the house and is slowly regaining strength. During his absence from the shop W. Y. Cherry is acting as foreman.

Foreman J. J. Beugnots, of the Pittsburg car machine shop, is suffering from the effects of a fall a few days ago, although he has since been able to look after shop affairs as usual. His foot was caught in a hole, and Mr. Beugnots was thrown down and his hip and knee were bruised.

It will relieve the friends of Pennsylvania Conductor Thomas McArdle of considerable anxiety to know that he is now provided with a pair of trousers and a pair of shoes. He attended the Knights of Columbus picnic and field and water day at Rome City yesterday and won the articles mentioned by his superior prowess in a sprinting and swimming way. The foot race was made in water knee deep and the shoes were the prize, while the pants were won by outswimming his competitors in deep water. Mr. McArdle is very proud of his conquests.

BOUGHT A NEW SWITCHBOARD

HOME TELEPHONE COMPANY MAKES A PURCHASE.

Chicago Concern Gets Extensive Contract for Apparatus of Newest Pattern.

Thursday afternoon the Home Telephone company closed a contract with the Stromberg-Carlson Telephone Manufacturing company, of Chicago, for a magnificent new switchboard, with a capacity of 6,000 telephones, which will be installed in the new building now in process of construction by the Home company.

The purchase price is not made public, but it is known that the new switchboard, with the attendant cable and construction work made necessary by its installation, represents an investment in the neighborhood of $40,000. It will take fully six months to build and install the new board.

The selection was made after a thorough investigation of the different systems now in use. Manager Moellering and other officials of the Home company have visited a large number of other exchanges to note the working of different varieties of apparatus, and they are convinced that their choice has fallen upon the very best in the field. The company promises to produce one of the finest boards ever built for any company at any point.

The board will be equipped with the full electric lighting signal system, and the power will be that of the common battery or what is known as central energy. When the new board is installed it will not be necessary to turn a crank upon the telephoe to signal the central office merely removing the receiver from the hook performs that office automatically. For the present it will be possible to equip in this manner only the 'phones which are located north of the Pennsylvania tracks, leaving those south of that line to be similarly provided for as rapidly as possible.

We are going to ask you to do something tomorrow that we have never asked of you before. Our sale is now thoroughly advertised and the people have found out that "half off" means half off at our store. Our store will be open at 6:30 in the morning and we want everyone that expects to trade with us tomorrow to come in the forenoon if possible. We always have a large out-of-town trade in the afternoons. We will appreciate it tomorrow, very much, if you will decide on what you want as quickly as possible, for Monday you can return anything you do not want and get your money or exchange it for something else. Do this to help us out tomorrow—please.
